Less Confidence That War  
Will Be Over By Fall On  
Account of Hint of Con-  
signment—Resignation of  
Italian Cabinet May Mean  
Italy's Early Advent Into  
War.

(ASSOCIATED PRESS TELEGRAM)

London, May 14.—For the first time in the past six months the authors of the German and the French official announcements on the progress of hostilities find themselves in agreement. The German communication admits the truth of the more important of the claims made by General Joffre, the French commander-in-chief, as to the great successes won by the French between La Bassée and Arras.

If this attack can be pushed home, the consequences will be still more marked, in the opinion of British military commentators, who are claiming today that a little further advance by the French will open a conspicuous gap in the German line, a development which will necessitate the falling back of the Germans on a wide front.

To the north of La Bassée the British are doing little more than holding their own, but at the same time they are keeping great masses of Germans engaged, troops who otherwise would be available against the French offensive.

In the eastern field the German forces in Galicia, who are said to number 1,500,000 men, are reported to be within 20 miles of Przemyśl.

The Russians would appear to be developing counter strokes, both in the west Galician front and in Bukovina, and they claim initial successes, but military men here are careful of committing themselves on the outcome of these activities pending further developments.

The hint made by Lord Haldane of the possibility of conscription has been interpreted in some quarters as meaning there is now less confidence that the war will be over by fall and that the authorities are making all their dispositions in case another winter campaign is necessary.

The resignation of the Italian cabinet has nonplussed the general public, but well-informed political observers think this is only a move in the game and that the final development will be the advent of Italy on the side of the allies.

The opinion has been advanced, although without official sanction, that the king probably will reinstate the cabinet and that Premier Salandra will accept the king's judgment as equivalent to a vote of confidence by the country.

## CONSULATE

OF UNITED STATES BESIEGED  
BY GERMANS AND AUSTRI-  
ANS IN LONDONSeek Aid To Prevent Their Being  
Repatriated By Government of  
Great Britain.

(ASSOCIATED PRESS TELEGRAM)

London, May 14.—Germans and Austrians again besieged the American consulate today, but instead of demanding protection for themselves and their property, they sought the aid of the American officials to prevent their being repatriated in consequence of the decision of the government announced yesterday by Premier Asquith. Most of the callers at the consulate were either over or under the internment age. Many were women with their children.

These persons explained that for years their homes had been in this country and that their deportation to Germany or Austria would be regarded by them as a greater calamity than internment here.

The American consul general, Robert P. Skinner, took their statements but was unable to promise any action in their behalf further than the transmission of their requests to the proper authorities.

Eighty Germans and Austrians were stricken from the membership roll of the Iron and Steel Institute today by unanimous vote of a meeting held in London.

STEAMSHIP TRANSYLVANIA IS DUE  
TO ENTER THE WAR ZONE TOMORROW

New York, May 14.—If the Anchor line steamship Transylvania equals her record time on her present trip across the ocean, she should enter the German war zone some time late tomorrow, and if she passes through it safely, she should dock in Liverpool early Sunday morning. Going at best speed, she should arrive in the vicinity where the Lusitania was torpedoed about 6 p. m. tomorrow.

The Anchor line officials anticipated, however, that the ship probably would be later as only with the most favorable weather conditions could she maintain her maximum speed. Inquiries at the American line were told that the steamship Philadelphia, which sailed under the American flag on May 8, probably would arrive in Liverpool tomorrow afternoon.

"We Are Ready," Said Uncle Sam's Jackies Sitting On the Texas' 14-Inch Rifle.

This is the great 14-inch rifle of the American super-dreadnought Texas with which William Ruef, star gunner of the navy, made six hits of a moving target at a distance of fourteen miles, thereby breaking the world's record of marksmanship. He did this in recent practice off the Virginia Capes, and he is therefore a hero of the American fleet, assembled in the Hudson River during the week when the Lusitania, with more than 100 Americans, was sunk.

The Texas carries ten of these great rifles, the strongest in any navy in the world, except those on the five warships built and now building in British shipyards of the class of the Elizabeth, which tore up the forts of the Dardanelles.

The New York and the Texas are the first vessels of the American navy to be equipped with 14-inch rifles, a weapon fifty-four feet in length, weighing sixty-three tons and hurling a \$1,400-pound shell twenty-one miles. At 10,000 yards it can penetrate sixteen inches of the best Krupp armor. The shell carries a much larger bursting charge than

does the 12-inch, with which all other dreadnoughts and most American battleships are armed, and because of this and its greater energy, the destructive effect is much greater than that of the lighter shell.

The rifles showing above are the 7-inch of which the Texas and New York have twenty-one. They are designed as protection against torpedo attack.

CAR STRIKE  
IS SETTLED  
AT DETROIT

(ASSOCIATED PRESS TELEGRAM)

Detroit, May 14.—By unanimous vote the striking motemen and conductors of the Detroit United railway today agreed to a plan for settlement of the labor trouble which began yesterday morning and it was said street car service would be resumed this afternoon.

The plan for a settlement of the strike was drawn up by Mayor Oscar B. May and Charles B. Warren, president of the Detroit board of commerce, after conferences all day yesterday with officials of the company and striking carmen. It provides for the immediate resumption of car service and the appointment of an arbitration board of three members to decide upon the merits of the demands of the employees.

## SYSTEM

OF CO-OPERATIVE INSURANCE  
HELD ILLEGAL BY ATTOR-  
NEY-GENERAL TURNER.Will Affect Hundreds of Companies  
Operating in This State—Are  
Exceeding Authority.

(ASSOCIATED PRESS TELEGRAM)

Columbus, O., May 14.—Attorney-General Turner, in an opinion today, declared illegal the system of co-operative or reciprocal insurance maintained by hundreds of individuals or companies in Ohio acting as an association to insure each other against losses of many kinds. The opinion was given to State Insurance Superintendent Taggart and was based on an investigation of a merchants' and manufacturers' insurance exchange, promoted by a Cincinnati attorney.

The opinion held that Ohio corporations subscribing to such insurance are exceeding the authority given them by their charters. Any person, firm or corporation entering into that business can be made to pay the state a tax of 5 per cent on each policy, the attorney-general declared.

Superintendent Taggart explained that many insurance associations of this kind are promoted by unscrupulous agents as private money-making enterprises, and that in case of large losses, individual suits against all participants in the insurance association would be practically impossible. Promoters of such companies are actually insurance agents and may be prosecuted for violation of state insurance laws, the opinion also held.

President Will Receive  
Firm Support of Nation;  
World Court Congress

(ASSOCIATED PRESS TELEGRAM)

Cleveland, O., May 14.—Prominent delegates to the World Court Congress read President Wilson's note to Germany with grave concern today. All agreed that whatever contingency arises the government will receive the firm support of the nation.

"The American public will stand back of the government in any exigency which arises," said John Hays Hammond, chairman of the Congress.

In the present situation, the solid support of America is at the command of President Wilson and leaders in social and economic life undoubtedly will be glad to lend him the support of their patriotism and helpful counsel.

"I have no doubt, in absence of congress the president is enlisting the counsel of men experienced in international affairs and representing all parties and all sentiments."

Henry Lane Wilson, former ambassador to Mexico, said:

"The note to Germany is an excellently worded state document. Americans generally desire peace, but not at a sacrifice of honor and dignity, and the note seems to express this attitude."

"If the situation develops to that point where it is impossible to avoid conflict the American people will stand solidly behind the government."

In such an event, ancestry, religion and politics will have in my opinion, absolutely no influence on the attitude of our citizenry 'hypnotized' or otherwise."

Dr. John Wesley Hill of New York said:

"It is to be hoped that this crisis

will be passed without a serious break in the long standing friendship existing between Germany and the United States.

"Self respect and national honor, however, arise above all other considerations and as President Wilson asserts and defends them, he is assured of the sympathy and support of the American people."

The World Court Congress today entered on the third and last day of its session. Dr. Albert Shaw, Dr. Harry A. Garfield, Professor Jeremiah W. Jenks and Professor Samuel T. Dutton were speakers at the day sessions.

Tonight John Mitchell, Dr. John Wesley Hill, General Ballington Booth and Dr. Charles F. Thwing will be the speakers.

MILITARY  
OCCUPIES  
THE CITY

Rome, May 14.—(Via Paris)—The agitation in Rome has assumed almost a revolutionary character. The entire city has been occupied by the military.

A riotous crowd made its way this morning to the Piazza Montecitorio, where is located the chamber of deputies, and forced entrance into the building by smashing the windows.

DEMANDS RIGHT OF NEUTRALS TO TRAVEL  
OVER THE SEAS SHALL BE RESPECTED

(ASSOCIATED PRESS TELEGRAM)

London, May 14.—Referring to the note of President Wilson to the government of Germany, the Westminster Gazette says:

"The central fact is that in the name of humanity and international law, the United States demands a guarantee that the right of neutrals to travel over any portion of the seas in neutral or belligerent vessels, shall be respected. This is of profound importance not only for the present war but for the future peace and security of the world and by despatching this note the greatest of the neutral powers definitely takes a stand on maintaining the limits hitherto set down for warfare at sea."

"President Wilson is acting for the honor and the safety of the American people and all of us who have the bias of belligerents will be well to spare him advice or comment in dealing with the situation which may arise out of the despatch of this note."

"It is more than our cause which is at stake and that than our interests that have to be considered. We will merely take note of the fact that one of the greatest issues of the war is sharply defined in this note and that the answer, whatever it may be, must make clear to the whole world whether or not Germany definitely abjures legal sanction to the limitations of that which hitherto has been unchallengeable between nations."

OHIO MINES  
ARE RESUMING  
OPERATIONS

(ASSOCIATED PRESS TELEGRAM)

Bridgeport, Ohio, May 14.—The Moore's Run mine of the Hutchinson Coal company resumed operations today, being the first of the eastern Ohio mines to resume since the settlement of the strike. One hundred and fifty men are working there.

Men began working today at the mines of the Lorain Coal and Dock company, Y. and O. Coal company; Rail and River Coal company, Pittsburgh-Maher Coal company, Troll Mining company and Pobey Coal Co.

The Pennsylvania Coal company and the Robey-Somers Coal company are preparing the mines for resumption and some of the mines will have men digging coal tomorrow and all of them on Monday.

By May 20, the 15,000 striking miners will have returned to work. Settling of the coal strike has failed to settle the trouble between the machine operators and loaders and it is feared there will be trouble on this account in the future. There has long been a difference between the two over the prices paid. The loaders claim the money paid is not equalized, the machine men receiving too much.

## BARNES

Denies Part of Testimony Offered  
on Witness-Stand by Colonel  
Theodore Roosevelt.

Syracuse, N. Y., May 14.—William Barnes concluded his direct testimony in the supreme court, here today by defending his organization, denying parts of the testimony of Theodore Roosevelt and Loyal W. France, and contradicting William Loeb. He declared that the colonel reproached him when, in 1910, he did not vote for the former president as temporary chairman of the state convention. He answered many questions designed, his counsel said, to show the "dominance of the defendant" in the Republican party.

Mr. Barnes denied that he had tried to influence the votes of legislators at the time of the senatorial deadlock in 1911, and he swore he had never talked to Charles F. Murphy of Tammany Hall but once in his life.

Los Angeles, Calif., May 14.—The navy department, according to a message received here today, has instructed Admiral Howard to send a warship to Tobari Bay, Mexico, to secure the American colony at Esperanza which has been attacked by Yaqui Indians.

President Wilson's Note To  
Germany Demands Justice  
And Prompt Amends to U. S.

Document Presented to German Foreign Office by Ambassador Gerard Calls Attention of the Imperial Government to Unlawful Destruction On the High Seas

STAND IS TAKEN AGAINST  
THE USE OF SUBMARINES

As a Commerce Destroyer Taken By Naval Officers and Diplomats to Mean That Not Only During Present War But In Future International Conferences to Amend Rules of Maritime Warfare, American Government Will Be Found Arraigned Against the Use of Under-Sea Craft Against Merchantmen—Warning Issued to Americans Killed On Lusitania No Palliation, United States Asserts.

(ASSOCIATED PRESS TELEGRAM)

Washington, May 14.—The government and people of the United States today turned expectantly toward Berlin, where Ambassador Gerard had been instructed to present to the German foreign office a note calling the attention of the Imperial government to the "unlawful and inhumane" destruction on the high seas.

Germany is asked in the note to disavow the acts of her submarine commanders in the torpedoing without warning of the Lusitania, a British ship, with a loss of more than 100 American lives, and the American tank steamer Gulfight, "as a result of which two or more American citizens met their death." Reparation "so far as reparation is possible," is asked and the United States declares it "confidently expects that the Imperial German government will take immediate steps to prevent the recurrence," of such acts and practices.

No time is specified for a reply, but the communication says, "The government and people of the United States look to the Imperial German government for just, prompt and enlightened action in this vital matter."

The course to be pursued by the United States in the event of a non-compliance with its requests and expectations is not stated, but high officials pointed out that the conclusion of the note was intended to impress upon Germany that there should be no misapprehension in Berlin of the firm purpose of the United States to safeguard its rights by any means necessary. This is expressed in the final sentence, which says:

"The Imperial German government will not expect the government of the United States to omit any word or any act necessary to the performance of its sacred duty of maintaining the rights of the United States and its citizens and of safeguarding their free exercise and enjoyment."

It was just a week ago today that the Lusitania was struck by a German torpedo and sunk with the loss of many neutral lives besides the scores of Americans. The United States government is the first to act. The other neutral nations, most of whom have been waiting for the policy of the United States to be revealed, are now expected to decide what representations they will make.

As the note was read today by diplomats and officials generally, one feature that attracted wide comment was the stand taken by the United States against the use of the submarine as a commerce destroyer, the attention of the German government being called to "the practical impossibility" of employing these under-sea craft to destroy merchantmen "without disregarding those rules of fairness, reason, justice and humanity which all modern opinion regards as imperative."

This was taken by naval officers versed in international law and diplomats to mean that not only during the present war, but in future international conferences to amend the rules of maritime warfare, the American government would be found aligned against the use of the submarine against merchantmen.

Another feature of the note which caused much comment among diplomats was the statement in it replying to the German circular to neutrals which arrived here on Tuesday and agrees to express regret and give reparation for any mistaken attacks on neutral vessels by submarines. The communication points out that "while expressions of regret and offers of reparation in case of destruction of neutral ships sunk by mistake," may satisfy "international obligations, if no loss of life results," they cannot justify or "excuse a practice, the natural and necessary effect of which is to subject neutral nations and neutral persons to new and immeasurable risks."

In another portion emphasis is laid on the inability of submarines to exercise the right of visit and search at sea because of practical difficulties making it impossible for them to make a prize of merchantmen since a

prize crew could not be put aboard or if taken as a prize the ship could not be sunk without leaving the neutral vessel's crew "to the mercy of the sea in her small boats."

It was this feature—the application of the rules of naval prize law to the cases of neutral vessels carrying contraband encountered by submarines—which attracted attention when the German circular note to neutrals was first examined. The argument made in the American note of today is designed to point out the inadmissibility of what had been regarded in some quarters as concessions by Germany in the treatment of neutral merchantmen.

The citation in the note of "the explicit stipulations of the treaty of 1825 between the United States and Prussia," was regarded as important from a legal point of view.

Under that treaty American ships are given the right to unrestricted freedom of the seas in times of war and even if carrying contraband, including munitions of war, the ships or cargoes can not be confiscated but may be detained and the cargo "requisitioned" in which event all contraband or non-contraband taken must be paid for irrespective of its destination.

White House officials adopted the policy of silence. They felt that any discussion at this time would be useless and inopportune inasmuch as the question is now before the Berlin government.

The cabinet met today in a regular session but no further action was contemplated, pending the receipt of Germany's reply. The president took a short automobile ride before the cabinet meeting and will leave tonight on the yacht Mayflower for New York to review the Atlantic fleet there next week.

During the trip, which will last nearly a week, the president will be kept in touch with every development of the situation but only important matters will be placed before him. (Continued on Page 14, Col. 2.)

COURT VICTORY  
WON TODAY BY  
HARRY K. THAW

(ASSOCIATED PRESS TELEGRAM)

New York, May 14.—The appellate division of the supreme court decided today that it would not interfere with the plan to have Harry K. Thaw's mental status before a jury for determination.

The court dismissed the prohibitory writ which, if sustained, would have enjoined the supreme court from submitting the case to a jury next Monday.

## LICENSE BILL STILL REMAINS ON CALENDAR

(ASSOCIATED PRESS TELEGRAM)

Columbus, May 14.—Democratic representatives again today refused to allow suspension of rules, third reading and final vote on the McDermott liquor license bill. Majority Floor Leader Whittemore announced, however, that a third attempt would be made later today to induce the minority to take the bill from the calendar, where it was put without reference to committee.

Democrats attributed their action today to what they said was an irritating speech by Representative Besaw of Portage. Minority Leader Kramer had spoken on the floor in support of Representative Whittemore's motion to suspend rules. Mr. Besaw then got the floor and made sarcastic references to the Democrats delaying legislation. Of the 69 votes which the suspension motion received only five were Democrats. They were Representatives Kramer, Holl, Morris of Fairfield, Quinlisk and Wintermute. Forty-three voted against the motion. Among these were five Hamilton county Republicans, Barnes, Hulsitt, Ott, Wydan and Yeaman. Two Cincinnati men, Harding and Boyer, voted for suspension. The others did not vote.

In the confusion following announcement of the vote, a Democrat arose and shouted:

"Just a moment, we want to tell the reason." In a chorus the minority members cried:

"Besaw."

Mr. Whittemore again laid the responsibility for the prospective session next week on the heads of Democrats.

The Fleming bill to permit college students to vote in their school communities, which has been made an adjournment measure, came near to being thrown into a conference committee today through an alliance of Hamilton county Republicans and Democrats who either refused to vote or voted against consent in general amendments. These amendments were only to correct clerical errors. The conference motion received 35 affirmative votes, only three more than enough for adoption. The bill now will go to the governor for his signature.

Legislative observers interpreted as a misstatement for the Cincinnati delegation the action of Chairman Andrews of the county committee in refusing to report out the bill of Senator Bamber of Hamilton, extending from two to four years the terms of county auditors. Representative Epstein of Lucas, member of the committee, protested in vain to the speaker that eight of the thirteen men had signed a report, sending out the bill without commendation. Chairman Andrews declared, however, that the bill had not been considered in committee and that the committee would not hold another meeting. Speaker Conover ruled out the report which Mr. Epstein tried to present.

Among the bills reported out by committees to the house today are the following:

Sprague, congressional carry-over.

Vollenweider, compelling county auditors to publish full financial report of all departments in newspapers, without recommendation. Verbits, to create private employment agencies.

## ANSWER IS FILED TO CROSS-PETITION IN RAWLINGS CASE

An answer was filed today in common pleas court in the case of Rollin Rawlings, trustee, vs. Harry Swisher, against A. L. Rawlings, et al. by Robert Northing and Charles L. Flory as executors of the estate of Daniel Thomas, to the cross-petition of The Knabe Brothers Piano company.

The answer insists that the cause of action cited in the cross-petition of The Knabe Piano company does not state sufficient facts to constitute a cause for action, or entitle them to the relief for which they ask. The answer admits that Rawlings was an owner of stock in the company that they represent to the extent of owning \$2,500 worth of preferred stock and \$5,000 worth of common stock, but they deny every other allegation made in the cross-petition of The Knabe Brothers Piano company. They ask that the cross-petition be dismissed.

Common Pleas Court.

In the case of Albert G. Welsh vs. George Wells, a suit in partition, the commissioners to make partition have made their report of the appraisement. The appraisement was confirmed by the court, and Albert G. Welsh elects to take the property at the appraisement.

In the case of Frank Queen vs. Ida Queen, a suit for divorce. Decree for defendant. Divorced. State of Ohio vs. Belle Humphrey, indicted for perjury, trial passed to the end of the present civil assignment.

In the case of Elizabeth Woolf vs. T. S. Woolf, the plaintiff was granted a divorce upon the grounds set forth in the petition. J. W. Horner represented the plaintiff.

An application was filed today in the case of the Baltimore and Ohio railroad company, plaintiff in error, against William C. Hagen, defendant in error, asking that the court rehear the case. A new defense has been entered by the railroad company.

A motion was filed today in the case of Henry Sachs against John Tucker, asking that the court strike certain passages from the defense of Tucker.

Denying that she was guilty of gross neglect of duty but admitting that she has lived apart from her spouse since August, 1914, Rose Moore today filed her answer to her

husband's petition for divorce. On the docket it is known as Charles Moore against Rose Moore.

An answer was filed today by attorneys for the defendant in the case of Lee Harris against Isaac C. Burkham.

A motion for a new trial was filed today in the case of James W. Rutledge against John S. Graham, on the grounds that the finding and judgment of the court are against the weight of evidence, and because of other errors apparent in the report.

### Probate Court.

The following appointments were made today by Judge Hunter:

Edgar H. Baird was appointed guardian for Wilbur Baird, minor. Bond was given in the sum of \$2000. Clara A. White was appointed administratrix in the estate of Sarah A. Sinnett, deceased, late of Granville. Bond was given in the sum of \$2000.

Eber S. Watson was appointed administrator in the estate of Thomas Watson, deceased, and Eliza Watson, deceased, both late of Bennington. Bond given in the first was \$800, in the second case, \$4000.

A divorce was granted late yesterday in the case of Dona Smith against Fred Smith on the grounds stated in petition.

### Is Arrested.

Emmett Claggett was arrested today by Constable Moore on the affidavit of Hazel King, who has entered paternity charges against him in Justice Fletcher S. Scott's court. Claggett was released on a \$500 bond and his case was called for May 24.

### Marriage License.

## MEMORIES OF A MIRACLE

In 1861 a man was tapped and got well of Bright's Disease, and the books are talking about it yet. (See Tyson on Bright's Disease, 2nd Edn. 1904, p. 155). We have before us addresses of nine patients, who were tapped two or twenty times each, and recovered; for instance, G. W. Kirkpatrick of 144 Laguna St., San Francisco, from whom 34 lbs. of water were taken first tapping; and the young son of A. C. Dean, of North Avenue, East Oakland, who was tapped nine times.

The ability of Fulton's Renal Compound to diminish albuminuria in many cases of Bright's Disease is a FACT IN PHYSICS established by thousands of urinalyses. It does not conflict, but is helped by the treatment commonly prescribed. We never knew a case of Chronic Bright's Disease with dropsy to recover under Digitalis and Basham's Mixture unaided by Fulton's Renal Compound, but we have many reports of recoveries under the Renal Compound unaided. However, heart and eliminative agents help greatly in critical cases.

## FAME SPREADING OVER SECTION

**FROM ALL PARTS SOME EVIDENCE OF GREAT INTEREST.**

**Community Has Been Aroused by the Great Spiegel and His Phenomenal Work—Many People Visit Him Today.**

These last few days have been busy days for the Great Spiegel and his assistants at his headquarters at the Sherwood Hotel, where he can be consulted free of charge, if you have any diseases you are unfamiliar with.

Another large crowd greeted him at his show at the corner of Sixth and Main streets and we judged from the business he was doing the Great Spiegel has "caught on" with the people of Newark.

It has been conceded by college professors and scientists in different parts of the world that the men of today who accomplish great things were men who were morally and physically clean. In that statement said the Great Spiegel, they meant that their bodies and the organs they contained were in perfect condition and if they can keep the different organs of the body in good condition their power is so strong that they can accomplish anything they undertake to do. This is not the case with persons whose systems are on the verge of a general breakdown, persons who are suffering from rheumatism, lumbago and nervous debility, stomach, liver and bladder troubles. Persons who are afflicted with these diseases are generally in such a poor state of health and their brain is so weakened because the impoverished blood is not plentiful enough to nourish it, so that it is practically a blank so far as thinking is concerned.

A person's system is like a well-regulated watch or engine, with the stomach as the engine-room; each different organ is like a fly-wheel, and has its special functions to perform, and if one of these organs gets out of order, the work is divided among the other organs and they have just twice as much to do. The strain on the other organs is kept up until there is a general breakdown and the stomach refuses to bear the burden any longer. Then the whole system is thrown out of order. What is the result? A person's kidneys refuse to expel the uric acid from the system. This gets into the blood and causes rheumatism and lumbago. Then a person is stricken down right in the prime of life, when if he had heeded nature's call for help and assisted the stomach for a little while, all this sickness and disease would have been avoided. In comparing the organ of the human body with a well-regulated engine-room, the Great Spiegel said if a person could only realize how much sickness and disease could be avoided, if they would use a simple remedy like Dr. Jones' Sangvin to tone up the system and expel all poisons from the blood there would be many more healthy people.

George Walters of DeLancey, O., where Spiegel visited two months ago, said: "My wife has been deathly sick, so bad she has not left the house for months. I have been attending your shows and bought altogether four bottles of Beaver Linctment and two bottles of Sangvin. This makes my third bottle of Sangvin I am buying for her. Her rheumatism and her nervous dyspepsia have been her drawbacks in health, and I want to say this much, that after bathing her limbs with the linctment freely and taking Sangvin she has been able for the first time in months to leave the house and her friends took her out automobile riding."

The office hours of the Great Spiegel are from 9 a. m. to 6 p. m. This affords many of the afflicted an opportunity to consult, personally and privately, with him. He announces that he will remain in the city of Newark for three weeks. At Sixth and Main streets, the band concert and vaudeville entertainment will open at 7:30. Everybody welcome.

**RESIGNATIONS NOT  
YET ACCEPTED BY  
KING EMMANUEL**

(ASSOCIATED PRESS TELEGRAM)  
Rome, May 14.—(Via Paris)—King Victor Emmanuel today received in the order named the following statement:

Signor Manfredi, president of the senate; Signor Marcora, president of the chamber of deputies; and Signor Giolitti, a former premier, but now the leader of the party in Italy in favor of neutrality.

These are the first evidences of political developments of the day and they were observed with deep interest because of the resignation yesterday of the cabinet on the ground that it did not have the unanimous support of the constitutional parties of the country in its international policy.

The king has not yet announced whether the resignations will be accepted. The members of the cabinet found it impossible to bridge the differences separating them from the followers of Signor Giolitti. They handed in their resignations for the reason that they preferred to follow this course rather than appear before parliament when it meets, May 20, and give to the world an exhibition of internal division in Italy, which probably would be accompanied by recriminations and accusations.

The action of the cabinet leaves King Victor Emmanuel free to choose the men he considers best adapted to guide Italy in the present grave situation. It is believed in some quarters here that the pres-

ent course may bring a solution to the country better than that which might have issued from the clash of contending elements.

According to parliamentary custom the king has the right to accept or reject the resignations of the cabinet and this morning Rome is filled with the wildest conjectures as to what his majesty will do. Some believe he will summon the cabinet before the chamber of deputies for discussion of its course, being guided himself by what these discussions reveal, while others argue that Premier Salandra resigned because of the attitude of Signor Giolitti and that Giolitti must of necessity take the place of Salandra.

More dispassionate observers are of the opinion that neither of these courses is possible, arguing that in such a grave hour of the national life, the men in power must have behind them the support of at least a very large majority of parliament. It would be impossible for either Giolitti or the retiring ministry after the bitter recriminations of the past few days to win such support. Consequently it is argued that the king probably will choose a new cabinet composed of men who have not taken part in the heated exchange of the last week.

### Uncle Walt

**JACK JOHNSON.**

Alas poor Johnson, badly whipped, and of his wreaths and honors stripped! When he appeared in yonder ring, he was that ring's unconquered king; and when he left it, sick and sore, he was a has-been, nothing more, and all the country felt relief when Brother Johnson came to grief. No words encourage him; he heard; no breasts with sympathy were stirred, but all were glad to see him slump before Jess Willard's cultured thump, and e'en the men of his own race exulted in his loss of place. 'Twas not because his skin was brown that men rejoiced when he came down. But Johnson, since he gained his fame, seemed destitute of sense of shame, and laughed with foul, unholy glee, at the claims of decency. An outcast from his native land, and by most of his countrymen banned, he'll skulk, from the height he's hurled, from the edges of the world, a blot on the decent sense, a leper with the sign, "Uncle Sam." A man all morals can't defy, and with that sort of thing get by; and when he falls, as fall he must, rejoicing follows long disgust.

## KENYON IS DEFEATED BY DENISON TEAM

**Large Crowd Witnessed Opening Game on Beaver Field—News of Granville and Vicinity.**

(Special to The Advocate)  
Granville, May 11.—A large crowd in Beaver Field yesterday afternoon witnessed the game between Denison and Kenyon base ball nine and enjoyed the victory won by the home team, even though it was decidedly a one-sided contest after the first four innings. Schall for Denison was knocked out of the box with neatness and dispatch and Youkum pitched the rest of the game in satisfactory style with Ladd behind the bat. The game was featured by Denison's heavy batting, with something like fourteen or fifteen hits to their credit. Kenyon put in three pitchers to no avail. Individual plays were the home run by Kewine and the three bagger by Bacon. The final score was 16-7 in favor of Denison. Whether or not one is a "fan," it is a delightful and healthful employment of time during these fine spring days to spend an occasional afternoon down at the Athletic field. One gains more in mental and physical refreshment than he — and especially she—loses in time and small change. It is well to keep in touch with youthful activities, and to learn the names at least of the men who are striving to maintain the reputation of Denison on field and track and court.

Tomorrow (Saturday) there will be the track meet between Denison and Ohio University on Beaver Field at 1:30 p. m., which promises great interest. The tennis match between Ohio University and Denison will be played in the afternoon.

Mrs. Theodore Wright, who has been in California since last fall, is expected to arrive home this week.

Mr. and Mrs. J. C. Campbell, who have spent the winter in Columbus, have returned for the summer to their country home, Bryn Mawr on the Lancaster Road.

Mr. Frank Talbott and family of Columbus are visiting his sister, Mrs. Susan Talbott Rawden at her home on Burg street hill.

Mrs. C. B. White has resumed the observance of the "Children's Hour" at the Granville Public Library, on Saturday afternoon at 2 o'clock. She will be glad to welcome any of the children who care to come. The story Mrs. White will tell tomorrow is "The Adventure of Nils" by Selma Lagerlof.

The council will meet this evening for the purpose of considering a franchise submitted by the Ohio Light and Power company. Officials of the O. P. Co. are also expected to be present and will ask to make some changes in their tracks. They want to put a waiting station and freight depot on North Prospect street and will ask the council to grant them a permit to put in a Y at Broadway and Prospect streets. They want to abandon their tracks on Main street and a short distance on Broadway. A rate franchise will be considered by the council to be submitted by both companies.

Mrs. W. H. Johnson and Mrs. C. E. Stanton left this morning for Bowling Green, O., where they will be the guests, for a few days, of Mrs. C. B. Newton (Elizabeth Benedict) for a few days.

Mrs. T. M. Kier, who has spent the past month visiting her daughter, Miss Viola, in Washington, D. C., will arrive home tonight.

Many social attractions are scheduled for tomorrow, May 15, chief among which are the Kappa Phi party, the Chi Psi Delta party, the Sigma Delta Phi party, the Chemical Society banquet and the Freshman party.

Mrs. Arthur C. Baldwin, with her son Schuyler of Rochester, N. Y., who is spending a few weeks in Granville is making headquarters at the Swartz house in Elm street, while visiting her husband's parents, Dr. and Mrs. C. J. Baldwin.

Golden Sun Coffee is sanitary; packed in the world's finest coffee plant. Ask your grocer.

At the Mazda Tonight.

The wonderful world-famous picture, "Julius Caesar," can be seen tonight at the Mazda. In response to requests from so many who were unable to get in on the previous appearance of this great picture here, Manager Bader succeeded in securing it for today, at the Mazda. This picture is one of the most immense and beautiful productions ever gotten out and no one should miss seeing it.

Some people don't believe in putting off till tomorrow the trouble they can make today.

## Protest to Germany.

The full text of President Wilson's protest to Germany made because of the loss of American lives in the destruction of the British ship Lusitania, in the sinking of the British steamer Falaba, the torpedoing of the American vessel Gulfight by a German submarine, and the attack by a German aeroplane upon the American vessel Cushing, appears in this newspaper. The protest was cabled to Germany and was handed to the German government this morning.

Couched in language courteous but firm, the President's note is not vindictive but is dignified. It puts the proposition right up to the Kaiser in a way that all America will approve. There is no backdown from the warning given recently and this government makes clear that it will stand ready to protect its people and its rights.

The Associated Press brings to the Advocate today excerpts from editorials of many of the leading newspapers of the United States. The Associated Press is today commenting upon President Wilson's protest and the tone of the comment is distinct praise.

China and Japan.  
It is to be hoped that the differences between China and Japan will be arranged without a resort to arms, but should such a resort take place, the Japanese, it is to be suspected, look forward to almost as easy a victory as took place upon a former occasion. On that occasion a certain Chinese battleship surrendered, without firing a shot. It was wondered at the time what the reason for this was. Long afterwards the secret was divulged. The Chinese commander, with the national tendency to "squeeze," had parted company with his guns for a consideration. As naval guns are not the sort of things which are commonly deposited on the shelves of even the largest most-despotic, it has always been a question of interest as to where guns found their way. Perhaps it was to the turkeys of the attacking squadron.—Christian Science Monitor.

## American Press Praises Wilson Note

President Wilson's note to Germany was editorially commented upon throughout the United States today with distinct praise and approbation. Excerpts from editorials of some of the leading newspapers are indexing American sentiment follow:

New York Times—It is the great diplomatic achievement of the note that it puts upon Germany the choice, not only of what her reply shall be, but of what is to follow. \* \* \* The president's eloquent appeal to her great traditions, to her sense of honor and of justice, must triumph over any warlike inclination she may feel to pursue, a course that can have but one ending.

New York Tribune—He (the president) has drawn an indictment against the German nation which will lie for all ages to come, if the Kaiser's government fails now to meet the demands of the president of the United States promptly and completely. \* \* \* Wronged, we have offered Germany a peaceful solution in the present crisis but—and the president's message sums it all up—we shall omit neither word nor act necessary to the performance of our sacred duty.

New York Herald—It might have been stronger; it might have been weaker; it will serve. Mr. Wilson has overcome the influence of those members of his cabinet, who are for peace at any price. He has lived up to the very best traditions of his character.

New York World—It is calm. It is restrained; it is courteous but with a cold, cutting courtesy that gives added emphasis to every word. \* \* \* By the strength of his cause and the moderation of his tone the president has made it as easy for Germany to do right as to do wrong. If he is to fail in his effort, it will be in good conscience and in a good cause.

New York Sun—The note \* \* \* is impeccably urbane, though not without little ironies in its tone friendly in spirit, resolute in its assertion of American rights and of the freedom of the seas. It recalls Germany's contention for that liberty. \* \* \* The president has spoken firmly. The country supporting him as firmly, awaits without passion the German reply.

New York Press—Into the end of his note to Berlin, President Wilson has put some teeth, and not too many at that, into the end because the first of it is filled with those graceful but empty rhetorical phrases which long ago exhausted the patience of Americans no less than they excited the derision of the Berlin militarists.

New York American—The president's letter is undeniably vigorous, but it is possibly dangerous as well. The nation desired that its rightful demands should be laid before the German government, but it did not anticipate that the president would go so far beyond the plainly and soundly rightful scope of those demands as to invite a rebuff.

Springfield (Mass.) Republican—The government's position in this case is the country's position. It is not extreme yet it covers the ground.

Buffalo (N. Y.) Courier-Journal—Right-minded men of every party will approve its tone and tenor. The earnestness, the definiteness with which this presentation is made can satisfy the most rigid Americanism that views large affairs sanely. It seems to meet every requirement of American patriotism and honor.

Buffalo (N. Y.) Express—There has been no backdown. Let the people's response go out from every corner of the land. We are all Americans.

Albany, N. Y. Argus—Dignified in its tone, logical in its argument and conclusions, firm in its demands, the United States note to Germany reflects the poise of the president, Woodrow Wilson, under most trying circumstances.

Albany (N. Y.) Knickerbocker Press—The note places the issue squarely before Germany for action and an announcement of future policy acceptable to the United States government, particularly a policy of warfare must not long be delayed.

Ohio State Journal—How Germany will promise to protect the lives and property of our people in the future, or in what manner this country will receive her refusal to remain to be seen. It is a grave alternative; and while it is not likely to result in war, it will bring about an enmity toward Germany that will be full of anxiety.

Louisville (Ky.) Courier-Journal—The note to Germany meets the requirements and is such as the government of the United States should address to Berlin. The President leaves little room for parley and none other than mouthings or rupture remains for Germany.

Louisville (Ky.) Anzeiger—We agree with the president that the German government must explain the loss of the lives of American passengers, but we do not think that the death of Americans gives the president the right to demand the cessation of Germany's undersea warfare.

Chicago Tribune—Whatever the fate of our relations with Germany, the president undoubtedly has voiced the sentiment of the nation upon the use of the submarine and as to the rights of neutrals on the high seas.

Chicago Herald—There is now no possibility of mistaking the position of our government. And it is a position in which the American people will sustain their government in whatever measures may be necessary to uphold it.

## TWO "BEACH CLOTH" SUITS FOR \$15

## The "UNITED" Has Solved The Hot Weather Clothes Problem For Men

manity, and retain the friendship of the United States or accept the stigma of an outlaw nation and deliberately provoke a new quarrel. There can be no mistaking the concluding paragraph of the American note.

Portland (Me.) Press—President Wilson has taken a bold position. It behooves us to have full confidence in the president and be prepared to give him the support he has a right to expect.

Manchester (N. H.) Union—The United States note has not demanded less than it does in this message. We may hope that Germany will come to her senses, \* \* \* but if she shall not be the case President Wilson's temperate declaration \* \* \* must be backed up if it costs, for every man's life already sacrificed, a thousand more of America's best manhood, and for each dollar lost in the sinking of the Lusitania, a million more in treasure.

Portland (Me.) Argus—The note will have the unqualified approval of the American people. The whole nation will be with him (the president) whatever eventually may arise.

New York Staats Zeitung—While the Staats Zeitung makes no editorial comment on President Wilson's note today it has the following to say, printed in English:

"Nor is this a time to burden millions of the American people with unjust and unnecessary anguish of mind. The German-Americans must suffer in any conflict between the United States and Germany pains of which their fellow citizens can never know anything. It is rather a time for showing them the greatest degree of consideration. They have fought to uphold the flag in the past and they will do so against any enemy whatsoever. They deserve the fruits of past loyalty until they have forfeited the right to claim them. There has never been but one flag under which the German American has fought. There never can be but one flag under which he will ever fight. And that flag is the Stars and Stripes."

Chicago (Ills.) Post—The president strips the issue between the United States and Germany down to its fundamental: "The submarine and international law conflict the submarine, not law must yield. This is an absolute negation of 'necessity' knows no law.' It is necessary must know law. We, too, have our necessities as well as those nations whose sense of rights of others may be weakened by the desperation of feeling brought by the war for existence."

Kansas City (Mo.) Star—President Wilson has said what was in the hearts of his countrymen. He has said it with dignity, with consideration, but with unmistakable directness. His words embody the idealism of American people and the obligation to maintain the principles of high humanity which they feel has developed upon them in a (Continued on Page 11, Col. 5.)

Once in awhile you will meet a man who is so careful of his conscience that he uses it only on Sundays.

Another reason for the high cost of living is that the bag that used to be filled with clothespins is now filled with receipted laundry bills.

A single man blames his ancestors for his lowly lot in life. But a married man usually blames his wife.

Every month is the right month in which to plant seeds of kindness.

It might help business some if women would do less shopping and more buying.

Of course silver and gold are mere dross when compared with the wealth of love. But, just the same, there are a whole lot of married women whose idea of bliss would be to be a wealthy old maid who was independent and didn't have to ask any man for a cent.

They are using so much paint nowadays that when a man kisses a girl he is in danger of getting a red nose.

They can monkey with eugenics all they please. But any old time that father and mother are such natural born tightwads that they accumulate a fortune the offspring is always a good spender.

Some men are known by their deeds, and others are known by their mortgages.

Every married woman feels that she earns every cent of her husband's salary.

You can't always tell. The girl who is holding her head highest as she parades her new outfit may be the one who has only paid the first dollar installment on it.

This would be a fine world if everybody agreed with you as heartily as the man who is getting ready to touch you for a loan.

One advantage of being poor is that you can buy an antique chair for a dime at a junk store. But if a millionaire wants to buy an antique chair he has to go to an antique store and pay \$1,000.

It is hard to make people understand that a kind word and a pat on the back are appreciated more by a live man than a lot of flowers are appreciated by a dead man.

## IRON CROSS

WON BY SURVIVORS OF GERMAN CRUISER EMDEN SUNK IN INDIAN OCEAN.

Arrive at Damascus After Six Months of Wandering—Are Regarded as Heroes.

(ASSOCIATED PRESS TELEGRAM) Damascus, Syria, via London, May 14.—Lieutenant von Muecke and a landing party from the German cruiser Emden, which escaped when their ship was sunk in the Indian ocean on November 10, have arrived here after six months of adventurous wandering. There are fifty men in the party.

"Have I won the Iron Cross?" was the first question asked by Lieutenant von Muecke.

He and the sailors in his command were delighted when told they were regarded in Germany as heroes and they all have been awarded the coveted cross. The lieutenant declared all he wanted now was to get a command in the North Sea.

Von Muecke and the remnant of Emden's crew were reported to have escaped from allied patrol ships and piloted the schooner Aysha, on which they escaped from Cocos Island, safely into the Arabian harbor of Lidd on March 27. The reached Hodeida, Arabia on Feb 5. They probably traveled by rail most of the distance from Lidd to Damascus.

## NEAT BOOKLET ISSUED BY THE OHIO COMMISSION

The Panama-Pacific International Exposition Commission of Ohio, of which Governor Frank B. Willis is Commissioner, Newton M. Miller, directing commissioner and Sherman A. Cuneo is secretary, has just issued a neat booklet of sixteen pages of interest to all Ohioans. It is profusely illustrated with fine half tone engravings and deals of the wonderful resources of the state from an agricultural viewpoint. The booklet is being distributed at the Ohio booth at the exposition and a second booklet is now on the press which will also be distributed at the same place in the near future.

The Ohio agricultural display is admitted to be one of the very best at the exposition and was collected and installed by Prof. Clark S. Wheeler of the Ohio State University and Prof. N. E. Shaw of the Ohio Agricultural Commission, under direction of Directing Commissioner N. M. Miller and Deputy Commissioners L. P. Bailey and Chas. Allen sub-committee.

## THE WAR FEVER IS SPREADING OVER ITALY

(ASSOCIATED PRESS TELEGRAM) Rome, via Paris, May 14.—The war fever continues to spread throughout Italy and the manifestations in the capital are particularly impressive. A crowd which favored Italy's intervention went tonight to the hotel at which Gabriel d'Annunzio is stopping and cheered until the poet appeared on a balcony and spoke fervidly in favor of war. From d'Annunzio's hotel the crowd went to the palace of Dowager Queen Margherita and acclaimed her wildly. Pro-war enthusiasts engaged in a brief struggle with neutralists who were holding a meeting in the Place San Silvestro. In the clash the windows of a German cafe and in another establishment were broken. Mounted police cleared the square but the demonstration was continued for some time in the central part of the city.

## KANSAS GOVERNOR SAYS PEOPLE WILL APPROVE THE NOTE

(ASSOCIATED PRESS TELEGRAM) Topeka, Kansas, May 14.—"The country will fully approve both the substance of the president's firm and powerful note to Germany and the moderation and courtesy with which the president framed it," Governor Arthur Capper of Kansas said today. "The note is all the more impressive because of its temperate and restrained language and its spirit of friendliness and of care in the ultimate justice and good will of the German government. 'Less than the president has said in this momentous deliverance to the German government would not have satisfied the sense of the great grievance that is suffered in the whole submarine warfare policy of Germany's navy and more is not required to maintain the American nation's prestige and self-respect before the world.'"

## PRAYERS FOR RECOVERY OF CONSTANTINE

(ASSOCIATED PRESS TELEGRAM) London, May 14.—An Athens dispatch to Exchange Telegraph company states that the illness of King Constantine is taking its normal course. Prayers for his recovery were offered today in all churches. His majesty is said to be suffering from an attack of pleurisy which developed from a cold.

## LABOR UNIONS TO CELEBRATE MEMORIAL DAY

Don't forget Labor Memorial Day. This beautiful anniversary is rapidly approaching and it will be observed as usual on the fourth Sunday of this month, May 23. Whether it is a notable success, or falls below last year's anniversary depends wholly upon the local unions and individual members of the Trades Unionist of the American Federation of Labor. Every member should appoint himself a committee of one to assist in every way in insuring an overwhelming success for the day. Remember, Society at Large is very watchful, and is always greatly influenced by outward appearances. No doubt every worker in this city will take a sincere interest in Labor Memorial day.

But that is not sufficient, he must join with his fellows in a public demonstration to show to the world at large that the day is actually an important anniversary. The time is short, it will pass before you are aware of it.

No time should be lost by the locals, who have not yet taken up the matter of preparation. With all working for the Anniversary Labor Memorial Day this year should go down in history as one of organized labor's most worthy achievements. Has your local union made any arrangements for the observance of this day? If not, why not? Is your local union and its members so forgetful, that they do not appreciate the many sacrifices that were made by many of those who have departed

this life, in order that we might exist and enjoy our rights as men and that the labor movement might exist and protect the workers. It is not too late for your local to make the necessary arrangements and see that this day which has been set aside by the American labor movement is observed in our city on Sunday, May 23, at the High School auditorium. Doors will be open at 1:15 p. m. Public invited especially the ladies.

**PROMPTED BY PATRIOTISM.**  
(ASSOCIATED PRESS TELEGRAM) Frankfort, Ky., May 14.—"President Wilson, I believe, is prompted by patriotism, justice and firmness in the declaration he has made public," Governor James B. McCreary, of Kentucky, said today.

"The president's statement seems to me to be a positive, firm, comprehensive and up-to-the demands of the occasion."

## PARIS PAPERS PRAISE NOTE OF THE PRESIDENT

(ASSOCIATED PRESS TELEGRAM) Paris, May 14.—The unofficial version of President Wilson's note to Germany is highly praised by this morning's papers. It shows, says the Figaro, that "the era of banal protests is over and Germany must give formal guarantees that she will not permit similar crimes in future. If she breaks these promises, America will proceed to act. The United States, perhaps, will not go as far as war for it will not be necessary. It is possible the United States may take the initiative in the organization of a defensive league of neutrals which will transfer the passive neutrality of non-belligerents into active neutrality which will manifest itself, to begin with, by an absolute and complete boycott of Germany which will definitely place her beyond the pale of civilization. We can, in any case, be sure the United States will exact full and entire satisfaction."

## GOV. DUNNE

Praises Course of President and Says Citizens Will Sustain Him to the End.

(ASSOCIATED PRESS TELEGRAM) Springfield, Ill., May 14.—The president and his advisers at Washington have acted with the utmost caution and deliberation," said Governor Edward F. Dunne today.

"They have only formulated the position of this republic as to the protection of the lives and rights of its citizens after sufficient time has elapsed to let reason and law supplant the shock that resulted from the loss of so many non-combatant American lives.

"The American nation, through its president, has spoken and the patriotic citizenship of the republic stands loyally behind him and will sustain him to the end."

## BIG PASSENGER STEAMER SAILS FOR LIVERPOOL

(ASSOCIATED PRESS TELEGRAM) New York, May 14.—Seventy-six cabin passengers and 300 in the steerage were booked to sail for Liverpool today on board the White Star line steamship Cymric. Among the cabin passengers were 26 women and seven children, while forty per cent of those in the steerage were women or children. At the offices of the line, it was said that the Cymric carried as many passengers as she could accommodate. There had been a few cancellations of passages but these were quickly taken by other persons on the waiting list.

In the Cymric cargo was a large consignment of automobile trucks. Agents of Italian steamships lines here announced that instructions had been received by them to refuse passage to women or children of German, Austrian or Turkish birth. Men of those nationalities already had been excluded.

Officials of the American line have refused a demand by members of the crew of the steamship St. Louis for \$20 extra pay for the trip to Liverpool on which the steamer is to start tomorrow. The officials declared that the risk to the St. Louis of being torpedoed by a German submarine is very small as the ships of that line have carried no contraband since the beginning of the war.

## STATEMENT OF THE FRENCH WAR OFFICE

(ASSOCIATED PRESS TELEGRAM) Paris, May 14.—The French war office this afternoon issued the following statement on the progress of hostilities:

"It has been raining without stop since yesterday morning. Last night in spite of the handicap of a difficult and slippery terrain, we occupied several German trenches to the southwest of Souchez and we have maintained on the rest of the front from Loos to Arras all the gains recently made by us.

"In the valley of the Aisne we yesterday destroyed four German blockhouses and levelled trenches."

## THIN PEOPLE CAN INCREASE WEIGHT

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. Evans' drug store and other leading druggists in Newark and vicinity sell it in large boxes—forty tablets to a package—a guarantee of weight increase or money back.

## AMERICANS ARE IN DANGER FROM YAQUI INDIANS

(ASSOCIATED PRESS TELEGRAM) Nogales, Sonora, May 14.—With 500 Mexican soldiers and a band of armed Americans reported as trying to rescue them, a colony of sixty-five Americans, including women and children, were striving today to fight off Yaqui Indians from their homes near Esperanza, south of Guaymas. Their condition is reported as critical.

Governor Maytorena of Sonora, has promised Frederick Simplic, American consul here, that he will make every effort to drive back the Indians.

The relief troops are proceeding to the aid of the Americans with difficulty, as the railroad over which they are traveling is only partly repaired.

Several Americans have been reported killed and wounded in the fighting.

## THOUSANDS THROG STREETS WAITING FOR NEWSPAPERS

(ASSOCIATED PRESS TELEGRAM) New York, May 14.—Intense interest in the American government's note to Germany was shown here today by thousands of persons gathered before dawn outside the offices of the morning newspapers waiting for editions containing the text of the communication. Owing to the government's restriction against publication of the note before 5 o'clock, the hour corresponding to that at which it was to be delivered to the German foreign office in Berlin, the newspapers were unable to print the note in their customary early morning editions. For this reason only two morning papers were for sale on the street before 5 a. m., and these did not contain the text of the note.

Citizens who were accustomed to purchase their morning papers at early hours while on their way to work, gathered in crowds outside the newspaper offices waiting for the editions that appeared at 5 o'clock.

## Heisey Makes Best Showing Of Any Exhibition Club; Newark Buckeyes Defeated, Score 8 to 1

Pitcher Minehart of the Heisey club did Thursday afternoon, what some ten other pitchers this season have failed to do. He held the Newark Buckeyes League club to one run and made them hustle for that small favor when his club with splendid support enabled him to defeat Wreath's "Newssocks" by a score of 8 to 1.

The game was one of the most interesting of the exhibition series. It developed a weakness in the Newark club which was important and which it was well to discover before the championship season opened.

It proved that Catcher Sandrock was unequal to the task which falls upon a catcher in a game where critical situations arise and it developed that Pitcher Robinson was woefully weak in handling bunts.

A series of such hits caught Robble flat footed and when he did get after the slow rolling bingles, his work lacked the polish which will be necessary for pitchers to get by in this league.

There is no discounting the ability of the Heisey club as displayed in Thursday's contest. The team played splendid ball. The players went to the park with the declared intention of taking the scalp of the Wreath crowd and they did it nicely. Most of the Newark players had errors of commission or omission, and Sandrock was the most flagrant offender.

After the first blood was drawn by the Heisey's in the fourth inning, the bunch began riding the necks of the Newark team and this practice continued throughout the game. There was little doubt among some of the fans that the glass men had the angora of some of the leaguers roped and tied.

While the players behind Robinson were showing poor work in the field, they were also failing to make any impression on the delivery of Minehart. This man never pitched better ball. He worked slowly and with judgment and only once did he wobble, that in the eighth inning when Davies and Trimmer, a new pitcher, each connected with a three base hit. It looked for a time as though Minehart was due for a bad inning but he settled quickly and retired the side with a single run.

Without offering any alibies for the Newark's many fanned men must admit that the breaks all went the other way. This of course was due to the fact that the Heisey club was on its toes every minute. Mistakes of the leaguers were quickly made profitable, with plays which were executed flashily.

Even the first inning, in which Newark got a single and a double the club was unable to do anything. Long opened with a single through short and Wreath, usually a safe sacrifice man, bunted a fly ball directly into the hands of Smeltz who doubled to Minehart who covered first. Humphreys, next up, drove a two base hit to the left field fence and died at second when Minehart took McCullough's high fly.

This is a fair example of the manner in which the Newark club failed. On the other hand the Heiseys made everything count. In the fourth, Thropp walked and was sacrificed to second by Jones. Smoots' long fly to center enabled Thropp to take third and Bishop's hit to left scored Thropp. Bishop stole second, but Martin fanned.

In the fifth, Robinson's weird inning, Smeltz opened with a single. Strawn bunted and Robinson, caught standing up, made a poor effort to get the ball, and Strawn was safe. Minehart beat out a bunt which Robinson should have fielded.

Farrall weighed in with a safe hit to left field, and Smeltz, on third, hesitated long enough for Long to beat the ball to the plate, retiring the runner who tried to score. Being a forced play, Sandrock was not required to touch the runner. Thropp bunted and again caught Robinson off his guard, though the pitcher was able to retire Thropp at first. Sandrock had a passed ball which allowed Minehart to score. Jones ended the inning with a fly to Long in right.

Smoots opened the sixth with a hit through short. Bishop sent another one toward Davies which the little one fielded to second; retiring Smoots. Sandrock attempted to catch Bishop at first, and threw into right field, allowing Bishop to reach second. Martin and Smeltz walked, again filling the bases.

Trimmer replaced Robinson at this point and fanned Strawn. An instant later, Sandrock failed to keep his feet on a wide throw by Trimmer, and though the catcher held the ball, he was unable to touch Bishop, who scored from third, being credited with a stolen base. McCullough failed on Minehart's fly to center and took second on the play. He went to third on a wild pitch and scored on Davis' error in handling Farrall's bid for a hit. Trimmer, Wile and Davies retired Farrall after catching him between first and second.

Newark's lone run came in the eighth, when Davies opened with a beautiful drive to center field, which was good for three bases. He could have scored on the play if he had not been winded by his long run. Lynn, who replaced Sandrock in the seventh, sent a short high fly to left field; on which Davies was unable to score. Trimmer hit safely to right field and the ball bounded badly, rolling to the fence in deep right. He made three

bases on the play. Long lifted a high one to Minehart and Wreath's grounder was handled by Jones. In the ninth, Humphreys hit safely to left, but was retired at second, when McCullough rolled on to Jones. Hunt's fly was caught by Smeltz and Dougherty, as a pinch-hitter for Wile, fanned.

The crowd got lots of sport out of the discomfiture of Wreath's squad and showed considerable partisanship in favor of the Heiseys, but these players deserved it for the play well. The score:

## SANDROCK GOES; STRAWN SIGNED; A NEW PITCHER

Last night Manager Paul B. Wreath of the Newssocks, released Catcher Sandrock and agreed on terms with "Heinie" Strawn, whose work in the game yesterday as catcher for the Heisey club, made an impression upon the local club boss. Strawn isn't an amateur by any means. He has had experience in the Michigan State league and is an excellent man for the place.

In releasing Sandrock, Manager Wreath took the step as a means of strengthening the club. He gave Sandrock every opportunity to make good but found the man wanting in the essentials which go to make up a good catcher. Sandrock was not steady in catches and that is a grievous fault. Sandy tried hard and delivered the best he had.

Manager Wreath's judgment is also the judgment of many of the fans who have from time to time declared that the elongated catcher would not deliver when a crisis came.

Thursday Pitcher Trimmer of Youngstown reported and worked out with the squad. He was given a chance to show his worth when he went in against the fast going Heisey club. He stopped their hitting assault, only one hit being made off his delivery. He seemed to be interested in his work.

## TRIANGULAR MEET HERE ON SATURDAY

Newark, Zanesville and Mt. Vernon High schools will participate in the triangular high school meet at White Athletic field here Saturday. The Newark track men have been working hard for this event and will go in for each event with the determination of winning. In the events arranged thus far, the track team has made a good showing.

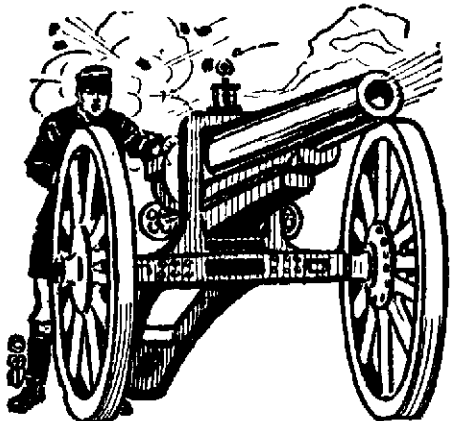

## MILLIONAIRE TO PILOT PEUGEOT IN AUTO RACE

Indianapolis, May 14.—Caleb Bragg, the millionaire of the automobile racing game, with twelve millions in cold hard cash to his credit, has signed to pilot Frank Galvin's Peugeot in the next Indianapolis 500-mile race, Galvin being laid up as the result of injuries received when his car overturned in practice recently.

Bragg is one of the most famous drivers in the game, having won the 1910 Grand Prize and numerous other contests. Why he should want to drive a racing car, in view of his tremendous wealth, is a mystery. As Ralph De Palma puts it, "If I had as much money as that chap, I'd wrap myself up in cotton wool and never step off the sidewalk, instead of fooling around with a race car."

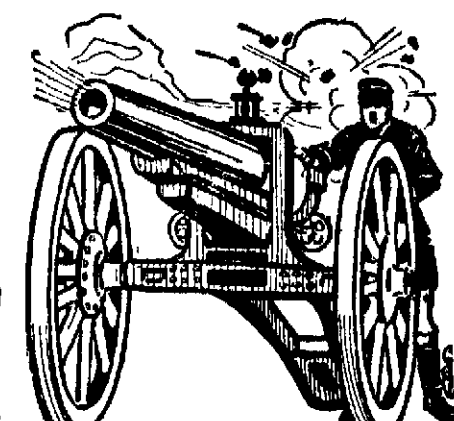

The answer is that Bragg drives simply for the love of the sport. Despite all he has at stake, he takes chances with any of them, as he conclusively proved when, during a dirt track race at Brighton Beach several years ago, he first shot through the fence and then back on to the track again, winning the race, with splinters of fence rail and strands of barbed wire coiled around his radiator.

Bragg's addition to the Peugeot team completes that outfit, with Resta and Babcock, already nominated. The three of them are considered the class of the field, as far as team driving talent is concerned.

## MURRAY'S CLUB AT LIMA HAS 16 CANDIDATES

Lima, O., May 14.—Playing Manager Andy Murray is pushing his list of sixteen young ambitious players through a course of training that cannot help but bring the best of results. Two daily workouts are on the schedule and the squad is given just a little bit of everything that would fit them for the championship season.

As yet no one has a cinch on a position outside of Murray, who undoubtedly will take care of things around the second sack. Murray is giving each candidate an equal chance to display his wares, and is making no promises at present. As

the squad must be within the \$1,000 salary limit by next Tuesday evening, there is not much time to pick out the best of the bunch but Murray will select them to the best of his ability.

While Murray is getting his players in the best of shape, Business manager Farrell is lining up things preparatory to the opening day ceremonies here with Findlay on May 19. Everything points to a good start-off.

LINERS WANT GAME.

Manager Leo Rhemel of the Linser club of Zanesville, has written this paper asking that the announcement be made that his club is anxious to arrange a game with some Newark club, the game to be played in Zanesville.

After extensive experiments two English chemists have perfected sulphur dyes with which it is possible to color wool, silk, hemp and other fibers satisfactorily and economically.

## FINDLAY CLUB WORKING HARD; IS HITTING WELL

Findlay, O., May 14.—Playing Manager Ollie Chapman has made a great change in the showing of the recruits for the "Pinks"—the Findlay team of the Buckeye Baseball League. The team batted out nineteen clean hits Wednesday in a practice game with Findlay college, winning by the overwhelming score of 29 to 1. Coach, a Findlay recruit, and Dean M. Richmond, coach of Findlay high school showed up in fine shape on the mound for Findlay. Richmond is a former star slub artist of the O. S. U. team of 1914.

Manager Chapman has sixteen candidates out for the team each day, but

will not start weeding out the back numbers until later, so as to give all a fair chance to make good.

Enthusiasm is running high in Findlay, there being 400 fans on hand each day to see the team in the workouts and practice games at Athletic Park.

INTERSCHOLASTIC MEET.

The University of Chicago Fourteenth Annual Interscholastic Meet will be held June 12 on the Stagg Field, Chicago. This big meet for high-school men is held under the personal direction of Coach Stagg and is the world's biggest interscholastic. Last year 526 star athletes were entered, representing high schools and academies in nearly every state from Ohio to California.

OFFERS NEW HAT.

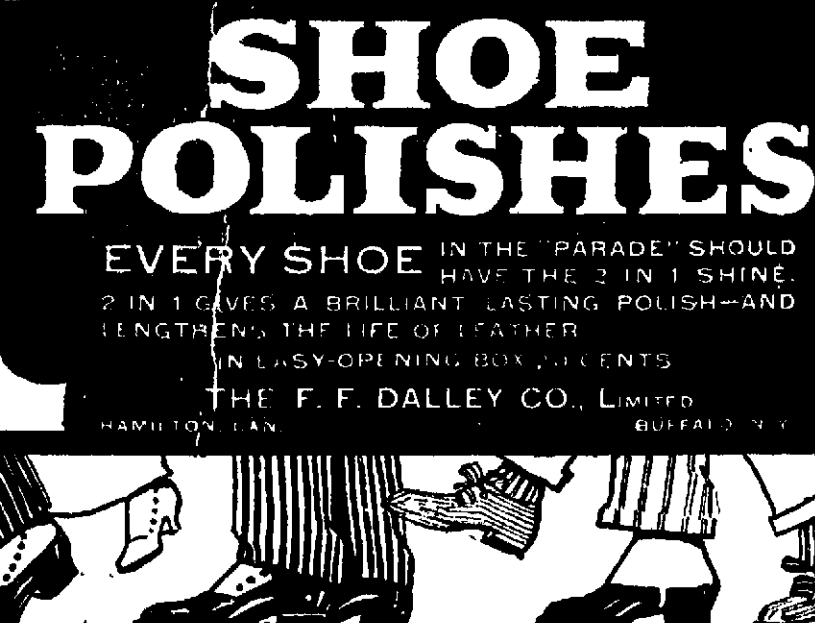

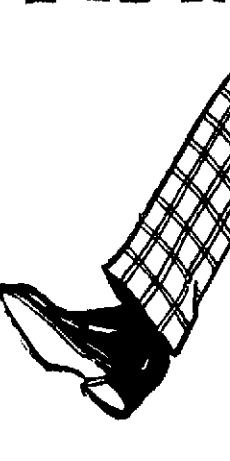

Frank Deininger, South Second street hatter, has offered a new hat to the Newark Buckeye League player making the first home run on the home grounds.

## COUNTY SCHOOLS IN TRACK MEET ON UTICA FIELD

County High schools are ready for the big track meet on the Utica field tomorrow. Special prizes are offered for each event, gold, silver and bronze medals in the form of watch fobs, with pennants and banners for special events are the prizes offered. Prof. Kingerm of the Utica school and Prof. Copeland of the Pataskala school are the backers who have worked hard to make the event a success. A big crowd is expected to watch the numerous events.

## Carl Wise Wins Season Ticket; Newark's Buckeye League Club Will be Called the "Newsocks"

Messrs. C. E. McDaniels and W. V. Jordan, well-known Newark fans, and Manager Paul B. Wreath, manager of the Newark club in the Buckeye League, acting as a committee upon the request of The Advocate, Thursday night, selected the name, "Newsocks" as the nickname for the Newark baseball club. This suggestion was contained on coupon No. 131, which was submitted by Carl Wise, to whom the ticket was awarded. The decision of the committee is as follows:

"Our committee after going over the coupons turned over to us, has selected coupon No. 131, suggesting 'Newsocks' as the nickname for the Newark ball club, as being, in our opinion, the best of the names suggested, and recommended that the season ticket offered as a prize, be awarded to the one who submitted that suggestion."

"Respectfully,  
"C. E. McDaniels.  
"W. V. Jordan.  
"P. B. Wreath.  
"Committee."

The name was selected principally because the stockings of the new uniforms are unique in that the stripes are vertical. It is claimed that these are the only stockings of their kind used by any Ohio ball club.

None of the contestants had any information on this subject. The uniforms have only recently arrived and besides, Mr. Wise's suggestion was received before anyone knew what the color combinations would be.

The name was one of several that were appealing to the judges. There was a general response to the request for suggestions. Many of the names were discarded at once as unsuitable and by a process of elimination the judges reduced the number to be considered to two or three. Then these were discussed at length and finally put to a vote and the name "Newsocks" was the unanimous choice.

The committee formally recommended the adoption of this name, and recommended that the ticket be awarded to the one who submitted the suggestion. The award is, therefore, made to Carl Wise, who submitted the suggestion on coupon No. 131.

The contestants were strong for the name, "Moundbuilders," fourteen having sent in this answer. The judges were unanimous in the opinion that the name was too long. The "Boosters" was another popular selection, but this was deemed not suggestive enough of the city. The name selected combined "Newark" and "Socks," the combination being given consideration by the committee.

The war spirit was reflected in some of the suggestions. A number of these included "Neutrals," "Allies," "Howitzers," "Dreadnoughts," "Sentinels," etc.

There were echoes of the recent fistic encounter at Havana in the suggestions of some who wanted the club name the "Willard Champions," "Willard Sluggers," etc.

Some of the other names offered included "Clippers," "Oracles," "Cyclones," "Pharos," "Trailers," "Newark-Alexs," "Araders," "The Rats," "The Wrat-ans," "The Wrat-teriors," "Wreath's Buds," "Wreath's Flowers," "Wreath's Laurels," "The Wreaths," etc.

The animal kingdom kicked in with these suggestions: "Grasshoppers,"

"Trots," "Lions," "Cricketers," "Bucks," "Spiders," and "Wolves." A printer surely must have submitted "Nonpareils."

Some of the more unusual names included "Danino," "Skrubooks," "Gaso-Electrics," "The Witty Club," "Stokers," "Asters," "Tasters," "Wahoos," "Shines," "Cut Gears" and "Heroes."

One had submitted a corker. It was the "B. B. B. B. B. T. T." and the letter of explanation, accompanying the suggestion, said the translation was "Brigett's Best Buckeye Base Ball Blair Truck Team." Needless to say the judges thought the name a bit too long to be easily used, and the baseball writers over the circuit will send a vote of thanks to the committee that this name was not selected.

To the committee which so kindly took the time to go over the suggestions, this paper is indebted and tenders its thanks for the help. Mr. Wise will join The Advocate in extending to Manager Wreath the courtesy of awarding him the opportunity to see the games at Wehrle Park this season.

## WILL START ON LONG CANOE TRIP FROM THIS CITY

Kenton, O., May 14.—Since it is impossible to spend the summer vacation in Europe, because of the uncertainty of ocean voyages, four Kenton young men have decided to take advantage of the principle of "Safety First," and "See America First," and take a trip in canoes on some of the rivers of the Buckeye state.

They expect to go by rail to Newark, O. They will then make the remainder of the trip in two canoes, two boys going in each canoe. From Newark they will go to Zanesville on the Licking river, where they will transfer to the Muskingum, and continue on to Marietta, and it their courage still remains when they arrive there, they will go down the Ohio to Pomeroy. They will camp along the river at night and sleep in small army tents.

## MAKING THE MOST OF LIFE

The Rev. Calvin G. Hazlett, pastor of the First Presbyterian church, announces a series of practical sermons that should prove of more than ordinary interest. The series is given under the general title of "Life Essentials," and aim to deal in an attractive and interesting and practical manner with topics that are always confronting young people. The first of these will be given next Sunday evening. The subject, "Choosing a Life Work," will deal with fundamental principles in the selection of a life calling. May 23rd will be devoted to "Choosing a Life Companion." Its aim will be to discuss the choosing a husband or wife. "Making a Life Decision," will be the topic for May 26th and will deal with marriage. June 6th will have for its discussion, "Making a Life Memory," or the exaltation and influence of the home. These services will begin at 7:15 on their respective Sunday evenings. The public is cordially invited.

## 25 Years Ago

(From Advocate, May 14, 1890.)  
Mr. A. A. Miller of Millersville, Ill., has been in the city for several days. He has sold his fine dapple gray Norman horse to Mr. J. F. English, who lives north of the city. An engine recently built by Master Mechanic E. L. Weissgarber for use in and about the shops has proved to be quite a success.

Mr. N. D. Norris of Maryland, is visiting his son, Mr. H. D. Norris, of North Third street.

Secretary A. E. Turner returned from Nashville, Tenn., where he has been attending the conference of Y. M. C. A. secretaries.

## 15 YEARS AGO TODAY.

(From Advocate, May 14, 1900.)  
The Y. M. C. A. Mai Fete in three tents at the corner of Second and Locust streets will open this evening.

Miss Mary Pile is lying sick with pneumonia at the home of Mrs. Berge in North Third street.

Miss Evelyn Owens has been added to the list of contingent teachers in the public schools this year.

Considerable excitement was created in the North End when the 2-year old son of Mr. Fred Wentzell, of Hoover street, wandered away from his home. He was later found at the home of Mr. William Marvin in West Main street.

## Fifty Years Ago Today.

May 14.  
A new French minister, Marquis de Montholon, presented credentials from Napoleon III., with the good will of France. Gold sold down to 1.28½ in New York.

## Twenty-five Years Ago Today.

The British foreign office announced in parliament that treaties made by Explorer Stanley with certain African chiefs were unauthorized.

## MRS. WINN'S ADVICE TO WOMEN

Take Lydia E. Pinkham's Vegetable Compound and be Restored to Health.

Kansas City, Mo.—"The doctors told me I would never be a mother. Every month the pains were so bad that I could not bear my weight on one foot. I began taking Lydia E. Pinkham's Vegetable Compound and had not finished the first bottle when I felt greatly relieved and took it until it made me sound and well, and I now have two fine baby girls. I cannot praise Lydia E. Pinkham's Vegetable Compound too highly for what it has done for me. I always speak a word in favor of your medicine to other women who suffer when I have an opportunity."—Mrs. H. T. WINN, 1225 Fremont Ave., Kansas City, Mo.

Read What Another Woman Says:

Cumming, Ga.—"I tell some suffering woman every day of Lydia E. Pinkham's Vegetable Compound and what it has done for me. I could not eat or sleep, had a bad stomach and was in misery all the time. I could not do my housework or walk any distance without suffering great pain. I tried doctors' medicines and different patent medicines but failed to get relief. My husband brought home your Vegetable Compound and in two weeks I could eat anything, could sleep like a healthy baby, and walk a long distance without feeling tired. I can highly recommend your Vegetable Compound to women who suffer as I did, and you are at liberty to use this letter."—Mrs. CHARLES BAGLEY, R. 3, Cumming, Ga.

## Comment Upon the Lusitania

It is evident that the German official excuse for the killing of Americans on the Lusitania is to be that, having been "duly warned" and having disregarded the "warning," they committed suicide. \* \* \* These one hundred or more Americans were lawfully traversing a public highway. With them were forty children under 2 years of age. They didn't commit suicide. They were murdered.—Chicago Herald.

True, it was a British ship, flying the British flag, but its passengers were innocent non-combatants—defenseless women and children among them. The war does not warrant such an inhuman act as the sinking of the Lusitania, and the German nation should bow its head in shame.—Zanesville Signal.

The Gulfstream carried contraband through the war zone. She was bound for an enemy's port. She paid the penalty of her foolhardiness. Before long, a large passenger ship like the Lusitania, carrying implements of murder to Great Britain, will meet with a similar fate. If an American is foolish enough to entrust his life to a British ship, in spite of the explicit warning of the German embassy, he has only himself to blame if he meets with serious mishap.—The Fatherland (New York).

Whatever the outcome, one result is sure. The blow at humanity, at civilization, hard as it hits the world, hits Germany harder still. Its effects will be cumulative. They will grow wherever there is response to impulses other than those which are wolfish, bloody and ravenous. They will convert Prussian, if not all German militarism, into a byword and a reproach. For the Von Tirpitz regime has drawn up its own indictment, and the finger prints are in crimson. They are there to stay. They are there to blast a name as long as anything keeps a place on the tablets of memory. They are there to alienate whatever was left of sympathy. They are ineffaceable.—Brooklyn Eagle.

Let us hope that the great United States, richest and most powerful nation on earth, will not hesitate to demand an immediate and proper reparation for the barbarous and inconceivable destruction of innocent American men, women and children. There are worse things than wars; there are worse things than death.—Denver Post.

In the meantime individual opinion should be confined to the inevitable horror and detestation of the act and its awful consequences, leaving to a calmer moment consideration of the question of whether its perpetrator may still be regarded as rightfully belonging to the family of civilized nations.—Washington Star.

Above all, and beyond anything else, must be the firm demand, however, that the practices first revealed in the Malaba case, continued in the Gulfstream and reaching its climax, so far as American interests are concerned, in the destruction of the Lusitania, must stop, and that the United States insists upon the absolute assurance that this kind of inhuman warfare shall cease.—Philadelphia Ledger.

Americans had the right to go by any steamship they chose. They had the right to protection by this government. No government can last that does not protect its own citizens. The grave crisis which was precipitated by the torpedoing of the Gulfstream grows greater each hour as the tidings from Queenstown swell the list of dead.—New York Herald.

The attack upon the Lusitania was far more brutal and barbarous than the sudden shelling of an inhabited town, which throughout modern times has been prohibited by all the laws of warfare. There was a probability, which quickly became a certainty, that only a small portion of the Lusitania's vast and comparatively helpless company would escape; but this appalling prospect was not allowed to daunt the merciless crew that sent the crowded liner to her doom, in all probability by the direct command of the imperial government.—Boston Herald.

There are times in a nation's life when restraint of utterance may be truer patriotism than patriotic talk. This is not the day on which to search the dictionary for white-hot adjectives to inflame a public sentiment that will make harder the administration's task. All Americans of undivided allegiance are behind the government at Washington; but that should not mean that loyal Americans are behind their government.

### EATING BETWEEN MEALS

Do you know that the stomach needs rest regularly and that eating between meals is a common cause of indigestion?

Do you know what happens when you eat more than you can digest? What relation biliousness has to overeating?

Do you know that when the blood gets thin the digestion becomes weak, that good digestion is impossible unless the blood is rich and red, such blood as comes from the use of Dr. Williams' Pink Pills?

These tonic pills and proper care in the diet will change dyspeptic, despondent, dragged-out people into energetic, hungry, cheerful men and women because Dr. Williams' Pink Pills build up the blood, making the stomach able to secrete the needed digestive fluids, and strengthen the nerves that control the delicate processes of digestion.

After you begin taking Dr. Williams' Pink Pills the first sign of returning health is usually an increased appetite. Then you find that what you eat causes no distress and if you exercise a reasonable amount of care in the selection of your food you will have no more trouble.

Your own druggist sells Dr. Williams' Pink Pills and a diet book called "What to Eat and How to Eat" will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y.

to push it to precipitate action, to force its hand in any way, to lash it with vehement demands and passionate counsel. Let us all count ten, or a hundred, or a thousand, if necessary, before giving full expression to the indignation and impatience that fill our souls.—New York Sun.

In considering the destruction of the Lusitania, with the loss of some 1200 lives, the question may well be asked, what did Germany expect to gain by it? If the Lusitania was carrying munitions of war, as the Germans charge in partial justification, the amount must have been inconsiderable, for the value of her entire cargo is estimated at only \$750,000. If the object aimed at was to strike terror into the British nation, no worse means could have been employed.

What has Germany lost by the wanton killing of 1300 non-combatant men, women and children? For one thing, the sympathy of millions of people who have been inclined to support her cause. There can be no doubt that, for centuries to come, the destruction of the Lusitania will be looked upon as one of the great crimes against civilization, a brutal massacre, on a par with the Bulgarian atrocities, the slaughter of Armenians by Turks, and other abominable outrages against which humanity protests. Especially will this feeling be marked in the United States, which has a right to think that an assassin's blow has been aimed at her.—Philadelphia Record.

The circumstances and the consequences of the destruction of the Lusitania by a German submarine call for all the self-restraint and self-possession that the American people can command.—New York World.

## SAFETY GATES TO BE PAINTED WHITE ON B. & O. ROAD

Safety gates at highway crossings of the Baltimore and Ohio railroad tracks hereafter will be painted white so that the most distinctive warning may be afforded travelers on state highways and other thoroughfares in minimizing the danger of accidents. Notice concerning the adoption of a standard color for crossing gates has been issued to the forces throughout the territory served by this railroad in connection with its campaign conducted systematically for some time past of employing watchmen in uniforms to patrol many busy highway crossings and posting warning signs to protect the public. That nothing should be left undone in this direction, track walkers, laborers and other employees have been drilled in urging upon the public utmost caution in using highway crossings and requesting pedestrians to refrain from using the right of way as a thoroughfare.

The Baltimore and Ohio has signified also its intention to co-operate with automobile clubs, public officials and other interests by so displaying signs that these approaching the tracks will have timely warning. To the extent of the railroad's responsibility it will co-operate with road commissioners and other authorities in placing warning signs on public highways adjacent to the railroad, thus taking every precaution in the prevention of accidents.

In a statistical review of railway operations in the United States during the fiscal year ended June 30, 1914, just issued by the interstate commerce commission and covering all roads reporting to that tribunal, it was shown that the balance to the credit of the profit and loss account of all these carriers was \$87,919,136 as compared with a credit balance of \$133,705,547 as of June 30, 1913. This decline in the profit and loss account is pointed to by railroad managers as indicative of a narrowing margin of return upon capital invested and a decline in the face of rigid economies which it was necessary to practice and the adoption of methods of efficiency.

Among the recent changes in the official organization of the Baltimore and Ohio lines have been the following:

Indiana division:  
John Page has been appointed agent at 8th street, Cincinnati, succeeding Joseph Beel, transferred.

J. I. Tolliver has been appointed agent at Huron, Ind., succeeding C. E. Holland, transferred.

C. D. George has been appointed agent at Blocher, Ind., succeeding H. W. Gaither, transferred.

T. J. Erving has been appointed agent at Aurora, Ind., succeeding S. J. Hunter.

Ohio division:  
C. E. Foster has been appointed agent at Hills, O., succeeding R. K. Hall, transferred.

R. K. Hall has been appointed agent at Stewart, O., succeeding H. H. Hubert, transferred.

Here's a Good One.

## Wins Test Over 40 Cars

Result of the great Yale University Sheffield Scientific School Test. Of the forty automobiles tested at the famous Sheffield Scientific School laboratory the Maxwell stands first in economy of Gasoline consumption.

MECHANICAL ENGINEERING DEPARTMENT,  
SHEFFIELD SCIENTIFIC SCHOOL,  
YALE UNIVERSITY.

NEW HAVEN, CONNECTICUT

May 1st 1915.

The Beaver Motor Car Company,  
1079 Chapel Street  
New Haven, Conn.

Gentlemen:—

I am enclosing report of test of your Maxwell automobile recently made in our laboratory.

I should like to add the following comments:

### 1. RELIABILITY OF TEST.

A preliminary test was made on April 19th, using a new car which was rather stiff. The showing was so good that we decided to make a second test. This was made on April 30th, using same car. On this test, the car showed less stiffness and the performance was better than on the first car. The second test was supervised by our most careful experts, and the results, I believe, to be perfectly reliable.

### 2. MILEAGE.

The efficiency of the Maxwell automobile as indicated by the number of miles on a level road, is exceptionally high. This mileage record is better than that of any one of forty automobiles tested in our laboratory to date.

### 3. MOTOR PERFORMANCE.

The efficiency of the motor and carburetor as indicated by the pounds of gasoline used per hour per horse-power at rear tires, is exceedingly good, and indicates very perfect carburetor action over the whole range of speed and load. This record like that on mileage per gallon, is the best one that we have had.

Very truly yours,

E. H. Lockwood

ASSISTANT PROFESSOR MECHANICAL ENGINEERING.

## POSITION

Of Hanover Village School Board on Proposed Union of Schools.

In order to make the position of the Hanover village board of education clear in the minds of the voters of Hanover township school district in regard to the election to be held May 20, the following resolution was adopted by the board:

Resolved, That should the Hanover township school district vote to join the village school district, that the Hanover village board will maintain the rural schools as they now are and in proper repair, unless by the majority vote in each sub-district they wish to do otherwise, also at least a two-room building at Toloso and change the present village high school to a more accessible place, for the benefit of the united district.

I certify the above to be correct and was passed May 11, 1915, on the desire of many voters to know how the board felt about the proposed union.  
C. W. CUMMONS, Clerk.

## TRY THIS TO DARKEN GRAY HAIR

Harmless—Not a Dye—Acts on Hair Roots.

If your hair is gray streaked with gray, prematurely gray, thin or falling out, apply, for a few times, Q-Ban Hair Color Restorer on your hair and scalp with the guarantee of a reliable dealer that it won't cost you one cent unless it beautifully darkens your gray hair and promotes its growth. It acts on the hair roots making gray hair healthy so the gray hair is beautifully and quickly darkened so evenly, naturally and thoroughly that no one can tell it has been used. In addition Q-Ban stops itching scalp, dandruff and falling hair, and makes gray hair thick, fluffy, soft, lustrous, beautifully dark and abundant. Q-Ban is not sticky or messy, harmless and makes scalp and hair clean and most pleasant. For a big 7 oz. bottle, at R. W. Smith's drug store, Newark, O. Out of town folks supplied by parcel post.

## "MOTHER JONES"

Testifies Before the Federal Industrial Relation Commission on Part She Has Played in Industrial Warfare.

(ASSOCIATED PRESS TELEGRAM) Washington, May 14.—Industrial unrest, its causes and cures, was inquired into at today's session of the federal industrial relation commission. Information was sought on the subject from Mrs. Mary Jones, better known as "Mother Jones," when she resumed her testimony today. She had already told the commission stories of industrial warfare at various times extending over a period of many years and the part that she had played in them.

## PROTECTIVE ASSOCIATION ORGANIZED

A new association has been formed and will be known as the Temperance Billiard Protective Association. At a meeting held at Mr. Frank N. Wilson's Billiard Parlor on East Main street, May 13, the following organization was perfected.

Frank N. Wilson, Chairman.  
L. T. Edwards, Secretary-treasurer.  
Committee on Ways and Means,  
L. S. English, Louis Bentz and Robt. Larges.

Special business of importance was conducted and Mr. Durnes was selected as the representative to attend the State Temperance Billiard Protective Association meeting to be held in Columbus, May 29, at which the meeting adjourned to meet Friday, May 21 at 2 o'clock p. m.

## Theatres

Burlesque at Auditorium.

Possibly the strongest and best burlesque show on the road this season will appear at the Auditorium for one performance on Saturday night, May 15th.

The Rector Girls Big Burlesque show is one of the feature shows that appeared on the Progressive circuit this season and are on their way East where they close an engagement at the Academy Theatre at Pittsburg next week.

This will be the last opportunity to see a Burlesque show in Newark this season and from all indications it is reported that the Rector Girls are some warm members. The one big feature of the show is the well known dancer Aranta who goes direct to the Panama-Pacific Fair as a special feature with the Big Oriental Show on the Midway.

There is an abundance of pretty girls and lots of funny comedians who present two big burlesques full of singing and dancing and lots of singer comedy. Tickets now on sale at the box office. Get in line early. Prices 25, 50, 75 and \$1.00.

Saved.  
"I'll have to arrest you," said the policeman.  
The man who was having trouble with his wife threw both arms around the officer and exclaimed:  
"This isn't my arrest. This is a rescue."—Philadelphia Ledger.

## Victims of Rheumatism

T. J. Evans' No-Cure No-Pay Offer Attracts Many Sufferers to Test Rheuma.

If Rheuma, the wonderful prescription for rheumatism sold by T. J. Evans and all drug stores, does not cure any purchaser, the druggist will return your money without any red tape.

Rheumatism is a dangerous disease because of its shifting nature. It often strikes the heart and proves fatal. Any one with a taint of rheumatism ought to drive it out as soon as possible.

Rheumatism is caused by sluggish, worn-out or over-worked kidneys, which become clogged and fail to eliminate the impurities from the system.

Rheuma acts promptly and directly upon the kidneys. It cleanses them; it absolutely renovates and leaves them in perfect condition, able to do the work nature intended they should do. 50 cents a bottle.

## MINERS

PROTEST AGAINST DECREE ISSUED BY VILLA REGARDING INDUSTRY.

Urging American Government to Bring Pressure to Bear Towards Repeating the New Measures.

(ASSOCIATED PRESS TELEGRAM) El Paso, Texas, May 14.—The Villa government has issued a decree compelling all mine operators in territory controlled by the Villa-Zapata faction to pay their employees on the gold basis of two pesos for one American dollar. This Mexican mine men asserted that it would increase the pay of the employees times, according to the present rate of exchange.

Previous Villa decrees regarding the mining industry called for compensation if properties were not worked continually. It raised the export tax on the gross value of ore from five to seven and one-half percent.

A committee of American and other foreign mining men interested in Mexican investments now in New York and Washington. Its members are said to be urging the American government to bring pressure to bear on the Villa faction toward repealing the decree measures which the mine operators consider almost impossible to comply with. The Carranza agents today issued a denial and to be based on information from General Oreon that the Villa troops have won many victories in the central Mexican campaign.

## REPORT THE SINKING OF SUBMARINE

(ASSOCIATED PRESS TELEGRAM) Blyth, England, May 14.—A German submarine is reported to have sunk in the North Sea. The captain of the steamer Collarue, on reaching port today, stated that his vessel apparently had destroyed the submarine by running it down off the Northumberland coast.

No submarine was seen, but the captain said his ship struck a submerged object. A large quantity of oil subsequently appeared. The Carranza agents today issued a denial and to be based on information from General Oreon that the Villa troops have won many victories in the central Mexican campaign.

## EFFECT OF THE PRESIDENT'S NOTE ON STOCK MARKET

(ASSOCIATED PRESS TELEGRAM) New York, May 14.—President Wilson's note to Germany overshadowed all other considerations and developments on the stock market today. Its possible effect was not altogether apparent at the outset, prices yielding only slightly, except in the so-called war shares and similar specialties which yielded a point. Later however, the entire list became unsettled, standard railways as well as other dividend paying stocks losing 1 to 2 points.

Union Pacific, Canadian Pacific, Reading, United States Steel and Amalgamated Copper, which constitute the most active speculative favorites were freely offered during the first half hour, and seemed to be confidently taken. Evidence of the banking support which checked the severe decline of the early week was seen from time to time. The short interest was fairly active in effecting initial declines, but selling for this account was not especially aggressive.

## IF YOU ARE A DRINKING MAN

You had better stop at once or you'll lose your job. Every line of business is closing its doors to "drinking" men. It may be your turn next. By the aid of ORRINE thousands of men have been restored to lives of sobriety and industry. We are so sure that ORRINE will benefit you that we say to you that if after a trial you fail to get any benefit from its use, your money will be refunded.

When you stop "drinking," think of the money you'll save; besides, sober men are worth more to their employers and get higher wages.  
Costs only \$1.00 a box. We have an interesting booklet about ORRINE that we are giving away free on request. Call at our store and talk it over.

The L. L. L. club entertained Thursday evening in honor of Miss Ruth Crosby. Miss Crosby was spending the evening quietly at the Martin home, 113 Wing street, where about thirty girls suddenly appeared and began giving club songs and yells and a special song composed for this occasion. Much amusement was caused by watching the effect produced upon the guest of honor. A delightful evening was spent. Miss Oona Martin, in behalf of the club, presented Miss Crosby with a half dozen beautiful teapoons in token of its loyalty and friendship. Refreshments were served.

Mrs. A. O. Tinnens entertained with a pretty children's party on Thursday afternoon honoring the eighth birthday anniversary of her daughter, Thelma. The hours were devoted to games and luncheon was served, the colors being pink and white. The luncheon table was centered with pink carnations and snapdragons. Miss Thelma's little guests numbered fourteen.

Mrs. Guy Price was hostess to the Busy Bee embroidery club at her home Thursday. The afternoon was pleasantly spent in sewing and games, after which dainty refreshments were served. Mrs. M. C. Price was awarded the favors in the doll contest.

Mrs. Price had as her guests: Mrs. Butler, Mrs. M. C. Price, Mrs. Charles Price, Mrs. Charles Osbourne, Miss Gladys Price and Miss Iva Haas.

## MORRIS HELD TO GRAND JURY; BOND FIXED AT \$2,000

Charles Morris, 67 years old, charged with shooting W. S. Wright at the Jewett Car company plant Tuesday, was today bound over to the grand jury under bond in the sum of \$2,000 in each case. He waived examination on two charges, one affidavit alleging shooting to kill and the other carrying concealed weapons. Morris made no statement at the time of his arraignment and no testimony was offered in the case. He has not yet given bond.

Morris last Tuesday morning fired three shots at W. S. Wright, president of the Jewett Car company. One of the bullets crashed through Mr. Wright's hand, shattering the bone joining the little finger. Another just grazed his cheek while another tore a hole in his coat which hung on a post nearby. One of the three bullets also passed through the sleeve of W. B. Wingerter, who was with Mr. Wright when the shooting occurred.

Morris was transferred to the county jail where he must remain until the September grand jury convenes unless he furnishes bond in the meantime.

## GRAHAM WINS SUIT BROUGHT TO COLLECT TAX

In a decision rendered by Common Pleas Judge T. B. Fulton this morning, the court held that the taxation of the mineral rights of John S. Graham upon the valuation of \$92,000, fixed by District Assessor W. H. Anderson, was excessive and the court ordered that Mr. Graham pay taxes on the rights upon a valuation of \$11,500. The judgment of the court was in the action brought by County Treasurer Rutledge to collect taxes on the property upon the original valuation of \$92,000.

In giving the decision, Judge Fulton related the history of the case, saying that the original assessment as reported by Mr. Anderson was \$92,000. That Mr. Graham appealed from the assessor's decision and that the state taxing commission, before which the appeal was taken, cut the amount of the assessment about in half fixing the amount at \$41,000.

The plaintiff, the county treasurer, stood on the original appraisal made by the assessor and insisted on collecting taxes on \$92,000. No testimony was offered by the plaintiff except the appraisal and the tax duplicate. Witnesses for the defendant, Mr. Graham, offered testimony placing a value of \$11,500 upon the mineral rights, being certain gas wells on Mr. Graham's farm. The court ordered taxes paid on a valuation of \$11,500.

Messrs. Fitzgibbon and Montgomery appeared for Mr. Graham. Prosecutor J. W. Horner and Attorney E. S. Randolph, representing the state, immediately filed a motion for a new trial, setting forth a number of reasons to support their motion. The motion will be argued at a later date.

## AMERICAN CONSUL REPORTS 2 KILLED BY YAQUI INDIANS

(Associated Press Telegram) Washington, May 14.—Preliminary reports from American Consul Simplich at Nogales, makes no mention of the killing of William Stocker in the American colony under attack by Yaqui Indians, south of Guaymas, but reports the deaths of John Wilson and W. A. Fay, and places another American, J. J. Donovan, among the missing.

Governor Maytorena has promised to protect the refugees as far as possible. It isn't altogether on sanitary grounds that the finances start out to clean up the filthy lucre.

Mrs. C. M. Imhoff delightfully entertained with a miscellaneous shower on Thursday afternoon at her home in Maple avenue, honoring Mrs. William Markham (Hazel Coon). The hours were devoted to games and music and a delicious luncheon was served. Mrs. Markham received many pretty and useful gifts.

The guests were Mesdames William Markham, W. H. Markham, John Coon, Mary Coon, Charles Dremar.

## Society

The Needlecraft Club met with Mrs. Fred Stowell, at her home in Hoover street, Thursday afternoon. A delicious luncheon was served to those present, after which some very good music was enjoyed.

Miss Leontine Moore entertained the members of the Monday Evening Bridge Club on Thursday evening at her home in Elmwood avenue. Miss Moore's guests were: Mrs. Wayne Anderson (Mary Follett) of Youngstown, and Miss Mabel Snucker. At the conclusion of the game the souvenirs were awarded to Misses Rhea Ingler and Ruth Lindorf.

Eight tables were arranged for auction bridge when Miss Irene Jones entertained a company on Thursday afternoon at the home of Mrs. D. F. Dowden in Hudson avenue. The Dowden home was prettily arranged with a profusion of spring flowers and the favors for the game were received by Mrs. Albert Roschough and Mrs. Ella Undergraff. The out-of-town guests here: Mrs. Hodgkins of Syracuse, N. Y., and Mrs. Fulton Van Voorhis of Granville.

**SWISHER-GOODWIN.** Announcement is made of the marriage of Miss Lenora Goodwin of Freeport, Ill., to Mr. Earl B. Swisher of Pataskala, O., on May 5. The following is the account of the wedding taken from the Freeport Daily Bulletin:

"A pretty wedding of more than usual interest took place this morning at 9:30 o'clock at the home of Mr. and Mrs. Frank Goodwin, 168 Clark avenue, when their daughter, Miss Lenora Goodwin, was united in marriage to Earl Benjamin Swisher of Freeport, O. The Rev. Frederick D. Butler of Grace Episcopal church spoke the words which made them man and wife. The wedding was performed beneath an arch of roses, lilies, and other choice cut flowers which were sent to Freeport for the occasion by an aunt of the bride who resides in California. The home was beautifully decorated with smilax and potted plants and the sweet perfume combined with the beauty of the decorations, turned the lower portion of the home into a garden of enchantment.

The couple was attended by Miss

## FIND OUT

The Kind of Food that will Keep You Well.

The true way to find out what is best to eat and drink, and then cultivate a taste for those things instead of poisoning ourselves with improper, indigestible food, etc.

A conservative Mass. woman writes:

"I have used Grape-Nuts 5 years for the young and for the aged; in sickness and in health; at first following directions carefully, later in a variety of ways as my taste and judgment suggested.

"But its most special, personal benefit has been as a substitute for meat, and served dry with cream when rheumatic troubles made it important for me to change diet.

"Served in this way with addition of a cup of hot Postum and a little fruit it has been used at my morning meal for six months, during which time my health has much improved, nerves have grown steeper, and a gradual decrease in my excessive weight adds greatly to my comfort."

## CYMRIC SAILS; NO AMERICANS ARE ON BOARD

(Associated Press Telegram)

New York, May 14.—Without an American on board, the White Star liner Cymric sailed today for Liverpool under the British flag. She had aboard 965 persons, including the crew of four hundred. Her commander, Captain Beadnell, a lieutenant commander in the Royal Navy reserves said that on the way across the Atlantic the passengers would have a daily boat drill and instruction in the adjustment of life preservers.

Four hundred of the passengers were in the steerage. A large percentage of them were children and nearly all were Canadians.

Cleveland, O., May 14.—Senator Alcee Pomerene, of Canton, a member of the foreign relations committee of the upper house of congress, was here today as a guest of Mayor Newton D. ## ARGUE GAS CASE TODAY IN OHIO SUPREME COURT

What is known as the rate case, entitled the Newark Natural Gas and Fuel company against the City of Newark was orally argued in the supreme court this morning. It was the first action commenced by the City of Newark in 1911, against the Gas company to compel the company to furnish gas at 18 cents per thousand feet, in accordance with the ordinance passed by the city council in 1911, fixing 18 cents as the highest rate that the company could charge.

One of the largest printed records filed in the supreme court lately embodied the evidence taken before the court of appeals.

Both of the courts having decided that the company must comply with the ordinance and that the money collected in excess of 18 cents now amounting to about \$150,000 must be returned to the citizens who paid the money, the gas company took the case to the supreme court to reverse these judgments.

Douglas of Mansfield and Fitzgibbon of Newark argued on behalf of the gas company and Kibler, Sr., and F. A. Holcomb, argued the case on behalf of the city. City Solicitor Norpell was present and aided in the defense of the case on behalf of the city.

The case may be decided next Tuesday or held longer by the court.

## RIOTING BREAKS OUT IN MILAN

(Associated Press Telegram) Rome, May 14, via Paris.—Dispatches from Milan say that serious rioting has broken out in that city over the present political situation.

The adherents of the opposing political factions have resorted to the use of firearms and the situation is described as most grave. The disorders were precipitated by the resignation of the Italian cabinet last night.

## American Press Praises Wilson Note

(Continued from Page 4.) world in which some of the hard won gains of civilization have been submerged by the passions of war. The president has nobly met the demands of this critical situation."

Cleveland (Ohio) Plain Dealer—Three paths are open to the Kaiser. One will remove from Germany the stigma of outlawry and restore her to her position of honor among the nations. One will definitely confirm her voluntary withdrawal from the brotherhood of civilization. The third is a crooked path of quibble and procrastination. There is

ground for hope that Germany will choose the best way.

Richmond (Va.) News-Leader—Germany must now decide whether she will accept the American protest as an ultimatum or as an opinion respecting an indefensible proclamation. If she is willing to abandon a policy of wholesale murder and cowardly assassination, she can do so with no loss of prestige by a simple disavowal of the acts of her naval officers. Our protest is equivocal and was meant to be so.

Milwaukee (Wis.) Wisconsin—There is no mistaking the firmness of the note nor its purpose if possible of averting an irreparable breach of friendly relations. In its stand against the use of submarines against merchantmen, the government at Washington will command the support of every neutral nation.

Milwaukee (Wis.) Journal—The note asserts rights guaranteed American citizens under the laws of nations to safety of lives on neutral vessels and on merchant vessels of belligerents. The president's firmness and desire for friendship are certain of support from all Americans.

Milwaukee (Wis.) News—The note puts matters where it is Germany's next move if any move is to be made. The president has placed this nation where its moral attitude will need no explaining, no matter what necessity it may be called to justify.

San Francisco (Cal.) Chronicle—Unmistakably firm, the note is yet friendly in tone, and though this latter qualification may be displeasing, it commends itself to the common sense of people unaffiliated with hatred. The nation mourns the loss of her citizens, but while demanding justice does so as one who would render justice to all others.

Los Angeles Times—It is apparent that the feeling and attitude of the president and his advisers is conciliatory. That is the state of mind of

the country. But America will insist to the last that there be no more murderous attacks on merchantmen carrying noncombatants, women and children.

Seattle (Wn.) Times—It is a temperate and meaning note. Ninety per cent of the American people will stand behind the president in his efforts to carry out those real American declarations of true patriotism.

Indianapolis (Ind.) German Telegraph Tribune.—We believe it impossible for the German government to comply with the president's extravagant demand which amounts to German disarmament on sea. All that will be required to safeguard British armored merchantmen carrying contraband will be to put passengers, preferably Americans on board, and they will be immune from attack by German submarines. It is an injustice of President Wilson to demand that Germany should lay aside its most effective weapon of attack.

Columbus (Ohio) Dispatch—It was given to President Wilson to be the voice of the nation crying out against the horrors of war. It was a great duty and he has performed it admirably.

Grand Rapids (Mich.) Press—While presenting the situation the president wisely opens the way for negotiations for settlement and repatriation provided Germany enters upon them in friendly feeling and with evident desire to avoid the supreme arbitrament.

Minneapolis (Minn.) Journal—The strength of President Wilson's note lies beneath the surface. Outwardly it is almost too calm but upon examination it is seen that the formal cavity of expression is in reality a mask for a grave and final proposition to the imperial government of Germany. And then comes the last strong paragraph. Could the president have said more? The American people will stand by these words.

May 29th, 1915.

The undersigned, executors of the estate of Daniel Thomas, deceased, will offer for sale at public auction at the south door of the court house in Newark, Licking County, Ohio, the following described premises belonging to said estate:

**FIRST PARCEL.**—Being the lot on the north side of the public square in the city of Newark, Ohio, on which is located a three-story brick building known as No. 4 North Park Place in said city, the lower floor of which is now occupied by the A. L. Hawley music store, with the hallway rights and privileges mentioned in the deeds, to which said Daniel Thomas was a party, dated January 30, 1890, and recorded in Vol. 171, page 564, etc., and September 26, 1892, and recorded in Vol. 152, page 602, of Licking County deed records.

Said store room has a modern front, steel ceiling and other improvements which make the premises one of the most valuable business locations in the city of Newark.

**SECOND PARCEL.**—Being the lot on the south side of W. Main Street in the city of Newark, Ohio, on which is located a three-story brick building known as No. 33 West Main Street in said city, the lower floor of which is now occupied by Criss Bros., funeral directors, with the joint easements and rights mentioned in the deed by which said Daniel Thomas acquired said property, dated March 5, 1888, recorded in Vol. 138, page 532, etc., of Licking County deed records.

Subject to the leases now held on a part of said premises by Criss Bros. and U. G. Parks.

The store room in said building has a steel ceiling, the entire building is in good repair, is a good business location and a desirable investment.

Also, at the same time, and in the same manner, will be offered for sale ninety (90) shares of the capital stock of The Licking County Bank & Trust Company of Newark, Ohio.

No bid less than \$20,000.00 will be received on the first parcel, and no bid less than \$10,000.00 will be received on the second parcel, above mentioned.

Terms of sale as to real estate: Cash on day of sale, or one-third cash, one-third in one year and one-third in two years from date of sale. Deferred payments, if any, to bear 6 per cent interest, payable annually, and to be secured by first mortgage upon the premises sold.

Said stock to be paid for in cash on day of sale.

The undersigned reserve the right to reject any or all bids.

## Your Boys and Girls

For the baby about to be weaned the perfectly round or cylindrical bottle is best. It comes in two styles, with a neck as large as the bottle, requiring a very large nipple and a small tapering neck which will accommodate a smaller nipple. The latter is more comfortable for the baby to nurse.

The best nipples are of plain dark rubber. Bacteria lodge in glass tubes. They rank among baby-killers. As the size of the hole is important some physicians recommend buying nipples without holes, and piercing them with hot needles.

The hole should be just large enough to permit the milk to drop or drip through when the bottle is inverted. It must not flow. If the hole is too small, the baby is exhausted by the effort to draw out the milk; if too large, it suffers from choking or gulping down the milk.

## THE SICK

Mrs. Odenhoffer of Columbia street, who has been a patient at the City Hospital, was removed to her home Thursday in the Bradley ambulance. Her condition is improved.

When a Siamese girl attains the age of thirty-five without marrying she is placed in a privileged class under the care of the king, who binds himself to find a husband for her. His method is extremely simple. A prisoner in any of the Siamese jails may gain his pardon and release by marrying one of the mature maidens.

## The Wool Market.

(Associated Press Telegram)

Boston, May 14.—The Commercial Bulletin will say tomorrow:

"Rather more business has resulted this week, no doubt due in part to the strength of the market at London where crossweds have practically regained their opening decline and margins are a bit firmer. The bulk of the week's trade has been in foreign wools for which prices have been firm. Domestic wool sales have been limited in number and quantity, but prices are steady."

**Wall Street.**

(Associated Press Telegram)

New York, May 14.—Latest developments in the situation between this country and Germany were reflected in the closing of the stock market at today's closing. Initial prices were mostly lower, but in few instances did the lines go beyond fractions. However, great heaviness was shown, a number of important stocks falling a point or more. Steel was the only leader to open with a large advance, 2409 shares changing hands in one block at 52, one point down. War shares like Bethlehem Steel, Federal Steel, and General Electric lost as much. Trading was moderately active but without any trace of the hysteria which characterized recent operations. After the first hour the market settled into a state of extreme dullness. War stocks were the most heavily seasoned issue, made half way recovery from lowest prices. Evidently much of the early selling originated from speculators with an admixture of foreign offerings. In point of fact London's market for American securities was firm with gains in some of the high grade issues. American traders were inclined to await further news from abroad before taking a stand on either side of the market. Prices fell again just before midday. Bonds were heavy.

## Obituary

A. W. Howell.  
Mr. A. W. Howell, aged 62 years, died at the City Hospital on Thursday afternoon at 3:30 o'clock. He had been ill for the past year suffering with heart and liver trouble and had been a patient at the City Hospital but two days. He was employed as a laborer, and resided at 203 Lawrence street. Surviving him are his wife and nine children, five sons and four daughters.  
The body will be taken to Glencoe on Saturday morning at 8:10 o'clock, where funeral services will be held and the burial will take place at a cemetery six miles from Glencoe.

Mrs. Maggie Griffith.  
Mrs. Maggie Griffith died late Thursday night at St. Francis hospital in Columbus. Mrs. Griffith was 65 years old. She was born in Zanesville and was married December 19, 1889. She is survived by her husband, George Griffith, and by one brother, John Devlin, of East Newark. Funeral arrangements will be announced later.

Jordan Infant.  
The 5-months-old daughter of Mr. and Mrs. Elmer W. Jordan, twin sister of the baby girl who died early Monday, died Friday morning at the home in Ninth street, after a short illness. The little one was ill at the time of the sister's death. Mr. Jordan, who is county superintendent of schools, is still confined to Grant hospital, Columbus, where he was operated upon last Sunday. Arrangements for the funeral have not been made.

Elizabeth Virginia Ryan.  
Elizabeth Virginia Ryan, aged 7 months, daughter of Mr. and Mrs. Fred Ryan of 88 Spring street, died Friday morning after an illness since Monday of this week. The child was born October 1, 1914. Funeral services will be held Sunday at the home. Burial in Cedar Hill cemetery.

Mrs. Charles Rider.  
Mrs. Charles Rider, aged 65 years, died at the Rider home, 219 Hudson avenue, on Thursday afternoon at 4:30 o'clock. Death resulted after an illness extending over seven weeks, which had its inception in an attack of the grip. She is survived by her husband, two sons, Charles and Wilbur, and one daughter, Mrs. Amy Wallace of Chicago; also, a brother, E. E. Corwin, an attorney, in Columbus, and a half-brother, Frank Corwin of Cincinnati. Mrs. Rider has been a faithful member of the Trinity Episcopal church, and the funeral services will be conducted by the pastor of the church, Rev. L. P. Franklin, on Saturday afternoon at 2 o'clock at the home. Burial will take place in Cedar Hill cemetery. Friends are invited.

## A RESIDENT OF GRATIOT TALKS

MRS. SARAH BONIFIELD TELLS HOW NERV-WORTH BUILT UP HER HEALTH.

Voluntary endorsements of Nerv-Worth continue to pour in more rapidly than ever, as a greater and greater number of sufferers put themselves under its wonderful beneficial influence. Most of these are verbal, but here is one of the formal and written kind which a well known lady of Gratiot, Mrs. Sarah Bonifield, has forwarded in the gratitude of her heart:  
"I have been troubled with nervous ailments for a number of years. It gave me such distress and worry that I tried many things in the effort to get well. But the only medicine that helped me was Nerv-Worth. I certainly can praise it very highly. I advise all who are nervous, and run down as I was to take this wonderful remedy."  
This comes from high source. It is great reading for the skeptics. Mrs. Bonifield no doubt was a skeptic, having vainly used so many remedies before taking Nerv-Worth. But she took no risk. Her dollar would have been cheerfully refunded had Nerv-Worth failed to help. So will yours if Nerv-Worth fails you. Sold by T. J. Evans Drug Store, Warden block. (Adv.)

## LET SENTANEL LAXATIVES DO YOUR SPRING CLEANING

Wonderful Little Performers, 10c

Like your house, your system needs a little special attention in the spring. Winter has left your bowels clogged, your liver lazy, your blood impure; you need a good inside housecleaning. Sentanel Laxatives will do the trick. And do it without pain or griping. They work more effectively than the ordinary cathartic, for they not only clean out the nasty, noxious poisons and put your liver back on the

job, but they tune up the whole system so that you feel simply great!  
There's not a bit of mercury (calomel) in Sentanel Laxatives. They are made entirely from old-fashioned, time-tried herbs and plants that are used by physicians daily. ## HEISEYS WILL PLAY NEWSOK HERE ON SUNDAY

Realizing that a return game between the Heisey club and the Newark Backeye league club would be a more interesting attraction than any strange team which may be brought here, Manager Wreath Friday noon announced that he had cancelled the Argonaut game scheduled for Sunday and booked the Heisey team for the Sunday exhibition. Heisey's have their reputation to defend and will play their best ball Sunday. Wreath's crowd, anxious to remove the stain of defeat, will put up a strong attack. The game is sure to be an entertaining exhibition and friends of both clubs will be anxious to see the fly away.

Manager Wreath also announced the release of Pitcher Robinson who failed to impress the manager that he was trying to do his best work. Mr. Wreath states that the report that he had signed Strawn was erroneous. This statement appears elsewhere in this issue of the Advocate.

### PRES. WILSON

(Continued from Page 1.) fore him. He has declined many invitations to events in New York not connected with the review of the fleet.

The full text of the note was made public last night by the state department as follows:

Department of State,  
Washington, May 13, 1915.  
"The secretary of state to the American ambassador at Berlin.  
"Please call on the minister of foreign affairs and after reading to him this communication leave with him a copy.

"In view of recent acts of the German authorities in violation of American rights on the high seas which culminated in the torpedoing and sinking of the British steamship Lusitania on May 7, 1915, by which over 100 American citizens lost their lives, it is clearly wise and desirable that the government of the United States and the imperial German government should come to a clear and full understanding as to the grave situation which has resulted.

"The sinking of the British passenger steamer Falaba by a German submarine on March 28, through which Leon C. Thrasher, an American citizen, was drowned; the attack on April 28 on the American vessel Cushing by a German aeroplane; the torpedoing on May 1 of the American vessel Guilford by a German submarine, as a result of which two or more American citizens met death; and, finally, the torpedoing and sinking of the steamship Lusitania, constitute a series of events which the government of the United States has observed with growing concern, distress and amazement.

"Recalling the humane and enlightened attitude hitherto assumed by the imperial German government in matters of international right, and particularly with regard to the freedom of the seas; having learned to recognize the German views and the German influences in the field of international obligation as always engaged upon the side of justice and humanity; and having understood the instructions of the imperial German government to its naval commanders to be upon the same plane of humane action prescribed by the naval codes of other nations, the government of the United States was both to believe—and cannot now being itself to believe—that these acts, so absolutely contrary to the rules, the practices and the spirit of modern warfare could have the countenance or sanction of that great government.

"It feels it to be its duty, therefore, to address the imperial German government concerning them with the utmost frankness and in the earnest hope that it is not mistaken in expecting action on the part of the imperial German government which will correct the unfortunate impressions which have been created and vindicate once more the position of that government with regard to the sacred freedom of the seas.

"The government of the United States has been apprised that the imperial German government considered themselves to be obliged by the extraordinary circumstances of the present war and the measures adopted by their adversaries in seeking to cut Germany off from all commerce to adopt methods of retaliation which go much beyond the ordinary methods of warfare at sea. In the proclamation of a war zone from which they have warned neutral ships to keep away.

"This government has already taken occasion to inform the imperial German government that it cannot admit the adoption of such measures or such a warning of danger to operate as any degree of abbreviation of the rights of American shipmasters or of American citizens bound on lawful errands as passengers on merchant ships of belligerent nationality; and that it must hold the imperial German government to a strict accountability for any infringement of those rights, intentional or incidental.

### NEWPORT IS UNIQUE.

As a Watering Place It Is in a Class All by Itself.

Newport is our greatest invention in watering places. There is nothing at all like it anywhere else in the world. At first glance Coney Island would appear to many people more characteristically American, and Newport, indeed, a mere snobbish imitation of Europe. But if there is anything like Newport in Europe it has escaped at least the present writer's notice, whereas something very like the admirable Coney he could duplicate in several quarters of the globe.

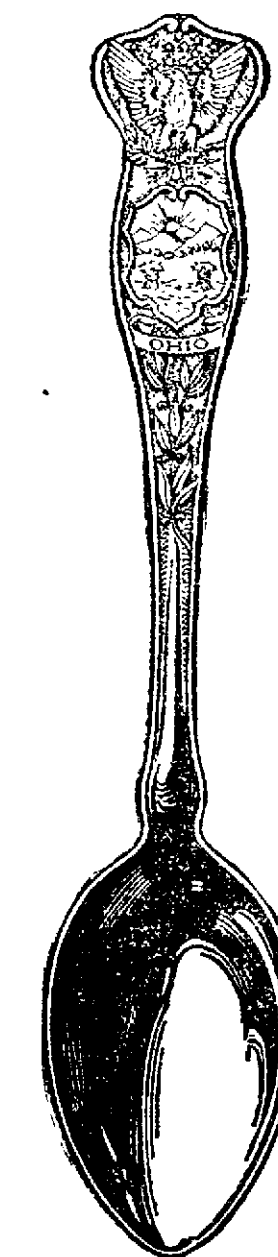

Newport is the only watering place in the world where there are no hotels and no hotel life, no fashionable promenade, no scene of gayety accessible to the stranger for an admission fee. On ordinary mornings the tourist penetrating the Casino might see a few young people in flannels playing tennis and a scant dozen of their elders dropping in for a moment to say good morning or to deliver some message. He might with extra good luck observe one of the queens of fashion drinking an orangeade. That would be, with the single exception of tennis week, about all he would observe.

He would, of course, be free to walk the weary length of Bellevue avenue between clipped green hedges and see the pleasant Newport homes—only a few of them "palaces." But nobody would be stirring in the houses and no one walking in the avenue. An occasional motor would roll by, that is all. He could also take that pretty walk along the cliffs and see more pleasant houses—still only a few of them "palaces." He might, if the fates so incline, perhaps see a fashionable footman at the window; he could scarcely hope for the butler. He could see the avenue whirling at half past 8, the dinner hour. And strolling through the night he might here and there observe lines of motors waiting under the shadowy trees, and even hear dance music beating in the calm, soft darkness.

Newport presents, in fact, a singular impression of quietness, of distinction, of an existence not wholly in the public eye.—Harper's Magazine.

Many a man's credit is so bad that he feels he can't entrust himself.
